Blessings

It amazes me on a daily basis how many times God blesses us. As I write this column we have the money for an Amazon order for September 2019. We are still in August as I write this and even more finances are coming our way. This is such an answered prayer. Obviously diversifying where we get money from has been the key. Those evil servants of Satan have tried to do ill to Family Friendly Gaming and failed miserably. God continues to provide for us.

I never know what to expect from one day to the next. We are constantly invited to attend a wide array of events. From movie screeners to playing arcade games at a specific company. The trade shows and conventions also recruit Family Friendly Gaming to attend. They all want to reach you - Family Friendly Gaming Universe (FFGU). They want you (FFGU) to know about their upcoming products. They understand we are the gatekeepers here. We decide what we will and will not published. We determine which stories get front page news, and which get ignored. They understand we have limited financial resources.

I laugh daily as there are a variety of different people in PR and Marketing with a plethora of different tactics. Some of those tactics resonate with us. Others do not. I wrote in the past about those using profanity in their pitches thinking that would reach the FFGU. Some come with amazing family friendly products. Others come with advertisements. Still others come with retro inspired products. They pay attention to things we cover. They study what we say and how we say it. They understand that if they want to reach you, they have to first reach us.

There are a variety of people that I disagree with on a long list of different topics. I refuse to be petty to them. I continue to treat them with respect, because that is how I want others to treat me even when they disagree. Sadly my experiences in the video game industry show how small minded and petty some people are. I am so thankful for those willing to work with us. I appreciate all of those that can work with people they do not agree with 100% on a wide array of topics. Those people are the true profession-

als that deserve recognition.

I am so grateful for continued growth on Twitch, Youtube, Twitter, and more. I am so thankful for everyone that donates, and everyone that subscribes and gives us bits. I appreciate all of our sponsors and advertisers. I love how there are so many companies willing to work with us to bring their products to your attention. I appreciate the massive support you give our advertisers. All of ya'll are such a major blessing. I appreciate you. I thank you. I pray for you. Don't forget to pray for us.

God bless,
Paul Bury

Letting things fester

I learned a very important life lesson recently. Do not let things fester. Do not let them get worse over time. Take care of problems early and often. Being lazy is not a good strategy. Sticking your head in the sand will not make a problem go away. I hope you can learn from this and avoid the mistake I am now deep into. Do not worry I will explain exactly what I am talking about in this article. It will become painfully plain and obvious.

I have had a kidney stone in my kidney for years now. It was not bothering me so I was not bothering it. I did not think this through very well though. I did not consider the ramifications of my inaction. While I ignored the problem it got bigger. This kidney stone reached the size of a golf ball according to my doctor. There have been three operations thus far and at least one more to go. The first operation was to push it out of my tubing between my kidney and bladder. The doctor shot it with a laser and expected it to dissipate. It did not. So the next operation was to bombard it with sound waves to break it apart. They only knocked shavings off the thing. This is when they discovered the size. This is when I realized my inaction for all those years did not help the problem. My inaction made the problem worse. The last operation was where they cut into my back, and cut into my kidney. They were able to break it in half, and destroy half of it. Based on my kidney shape they could only do a soft break on the other half. There will be another sound wave operation when I am healed from this last one. Lord willing that will finally take care of this problem.

That is a lot of work just because I did not address something immediately. There has been a lot of pain and nausea because I left something alone. Do not let problems fester and boil. Take care of them once they come up. Take the initiative to work on problems, ask for help, or address it in some way. Ignoring the elephant in the room does not make the elephant go away. I beseech you to address issues in your life quickly. Do not let them linger, grow, and become much worse. I hope I have learned my lesson. I hope I do better next time. I hope I change my behavior on this

next time.

My hubby prays, believes and is healed. I pray, believe and have not experienced healing. It can be frustrating because the only thought there is maybe I do not have the faith the size of a mustard seed. Paul thinks I put my faith in man, medicine, and medical procedures that man has come up with. Have you prayed for things and not experienced healing? Have you gotten an answer from God on this topic? Have you prayed and been healed like my hubby has? Where do you put your faith?

God bless,
Yolanda Bury

MISSION STATEMENT

Family Friendly Gaming (FFG) was created in March of the year of our Lord 2005 as the first ever Christian video game magazine. The goal of Family Friendly Gaming is to report on video games from the family view point. Family Friendly Gaming takes a fair and balanced approach to all news, previews, reviews, interviews, features, and other articles found within. The secular video game media reports mainly on the most morally bankrupt games and call those games good. The major secular media reports on the bad side of video games mainly. Most other Christian media outlets claim video games turn the player into a zombie, or they completely worship video games. Family Friendly Gaming reports the good, and bad side effects to video games. It is the belief of the owners that readers are smart enough to come to their conclusions without those in the media handing opinions to them. Those of us at Family Friendly Gaming believe by giving you the facts, you can decide for yourself. There are plenty of really good video games on the market that teach wonderful lessons. Both inside the Christian video game market, and from non-Christian video game developers. Family Friendly Gaming seeks out these video games to bring them to your attention. Since it is unknown before playing a game how family friendly it is; it is possible that this magazine will preview a game, and then the review will expose problems previously unknown. Family Friendly Gaming promises to always ask the question: "how God feels about certain video games." God's opinion on the matter is more important than any mere mortal. Which is why the rest of the industry does not influence FFG.

SOUND OFF

The Sound Off section is where you the reader/emailer is heard. What you have to say is put in this section for all the readers to see. Of course certain content is edited for appropriateness issues. This is a family friendly magazine, and certain content is just not proper. We hope you enjoy this section as much as we do. Keep an eye out for your comments appearing in these very pages. You have our attention, so SOUND OFF!

Madden

It is so cool to see Madden on the front cover of the Family Friendly Gaming magazine. I also enjoyed all of the coverage you did of Madden NFL 20. Did EA give you a reviewable copy of the game? Will a review be coming soon? I trust your opinions and do not purchase games you guys do not review.

- John

{Paul}: John,

Thank you so much for your loyalty and support. EA Sports completely failed us. They did not even bother to say thank you for all of the hard work we put

into covering Madden NFL 20. We spent all of this money giving them all of this coverage and they were not even professional enough to reply when we sent them links. Their failures to support families, friendly gaming, and Christians continue to compile. Their lack of support for diversity is becoming extremely apparent. We will have to save up money when we get enough

donations, advertisements, and sponsorships to be able to purchase Madden NFL 20. I wish I could give you a timeline, but we never know what will come in, and when.

I wish I could give you a better answer I really do. Over the last few years we have faced more discrimination from these extremely radical far left zealot run

companies because we are Christian and conservative. They really hate anyone and everyone who is diverse from them while they falsely claim they celebrate diversity. They are at the Gestapo level of acts and deeds. You can tell them you won't buy their game until Family Friendly Gaming

reviews it. You can ask them to advertise with us. Those are two things that really help. Another thing that would help is asking YouTube to remonetize our YouTube channel. There is another one that discriminates because we are Christian and conservative.

Another wonderful book

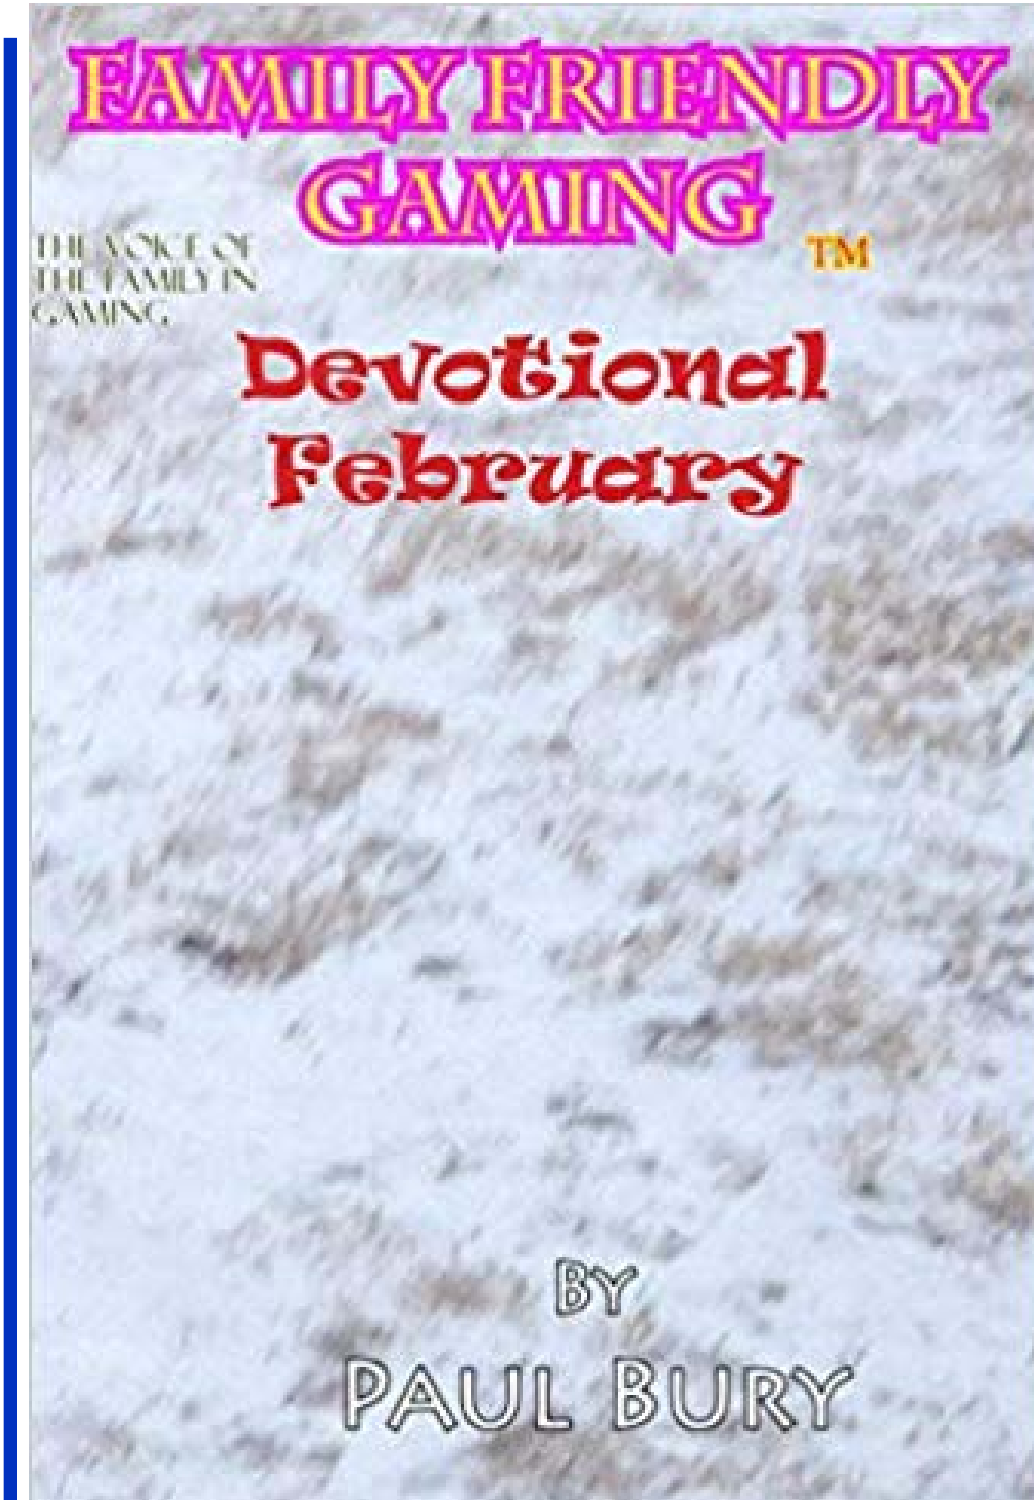

Thank you, thank you, thank you, thank you, thank you, thank you for releasing Family Friendly Gaming Devotional February book. This book is amazing. You are so gifted and obviously inspired from God. How are things going for you? How often can you release books?

- Shawn

{Paul}: Shawn

Thank you so much for your kind words of encouragement. They mean a lot to me. I am so glad you are enjoying the Family Friendly Gaming Devotional February. I wrote those devotionals many years ago. It is nice to be able to find a place for them again.

Concerning the future - I

SOUND OFF Continued

honestly have no idea. I pray about it daily. It is my hope and prayer that God opens the doors to allow me to write more often. I have so many different ideas jotted down. It comes down to time and money. I keep praying for this to become full time. Sad truth is millions of people want it, but very few want to ever contribute financially. I do not believe in brow beating, or constantly asking.

Way to go!

Family Friendly Gaming did it again. You guys brought back another franchise with pure willpower. I am so happy to see Zumba coming back to video games. Thank you Family Friendly Gaming for bringing up this topic and helping make the industry a better place. I wish

more gaming media outlets were like Family Friendly Gaming. This company making this new Zumba game should thank Family Friendly Gaming financially with profit sharing.
- Trey

{Paul}: Trey,

Thank you so much for your kind words of encouragement and wonderful idea. We love impacting the video game indus-

try. We love showing everyone that improvements and change is possible in the video game industry. We refuse to accept status quo in the video game industry. We fight for your rights, and we fight for a better video game industry as a whole.

I love your idea on profit sharing. I doubt it will happen. We have made the video game industry over 100 million dollars with our hard work. Very few companies have bothered to advertise. Very few companies have shown any meaningful and tangible thankfulness for our hard work, and the costs that came along with that. You never know as company executives read these magazine and act from time to time.

Teach Me

So many people go around acting like they got it all together. So many people act like they know everything and are fine on their own. Too many people think they can do it themselves without any assistance. The older I get the more I realize how little I actually know. It amazes me how many wise people in the Holy Bible asked to be taught. **Exodus 33:13** "If you are pleased with me, teach me your ways so I may know you and continue to find favor with you. Remember that this nation is your people." How many of our leaders act with such humility?

Our US Congressman for Memphis refuses to listen, and refuses to accept instruction. Sadly there are too many leaders who act that way. They don't want to hear what we have to say. They want to tell us how we should think instead. **Job 6:24** "Teach me, and I will be quiet; show me where I have been wrong." Job was willing to listen to God. I wish others put in positions of power would turn to God and listen to Him. Sadly they want to argue, accuse, belittle, attack, demean, destroy, and remove.

King David understood this in his own life. **Psalm 25:4-7** Show me your ways, Lord, teach me your paths.
5 Guide me in your truth and teach me,
for you are God my Savior,
and my hope is in you all day long.
6 Remember, Lord, your great mercy and love,
for they are from of old.
7 Do not remember the sins of my youth
and my rebellious ways;
according to your love remember me,
for you, Lord, are good. Why do some of us have trouble following the path of Job, David, Moses, Joshua, and others?

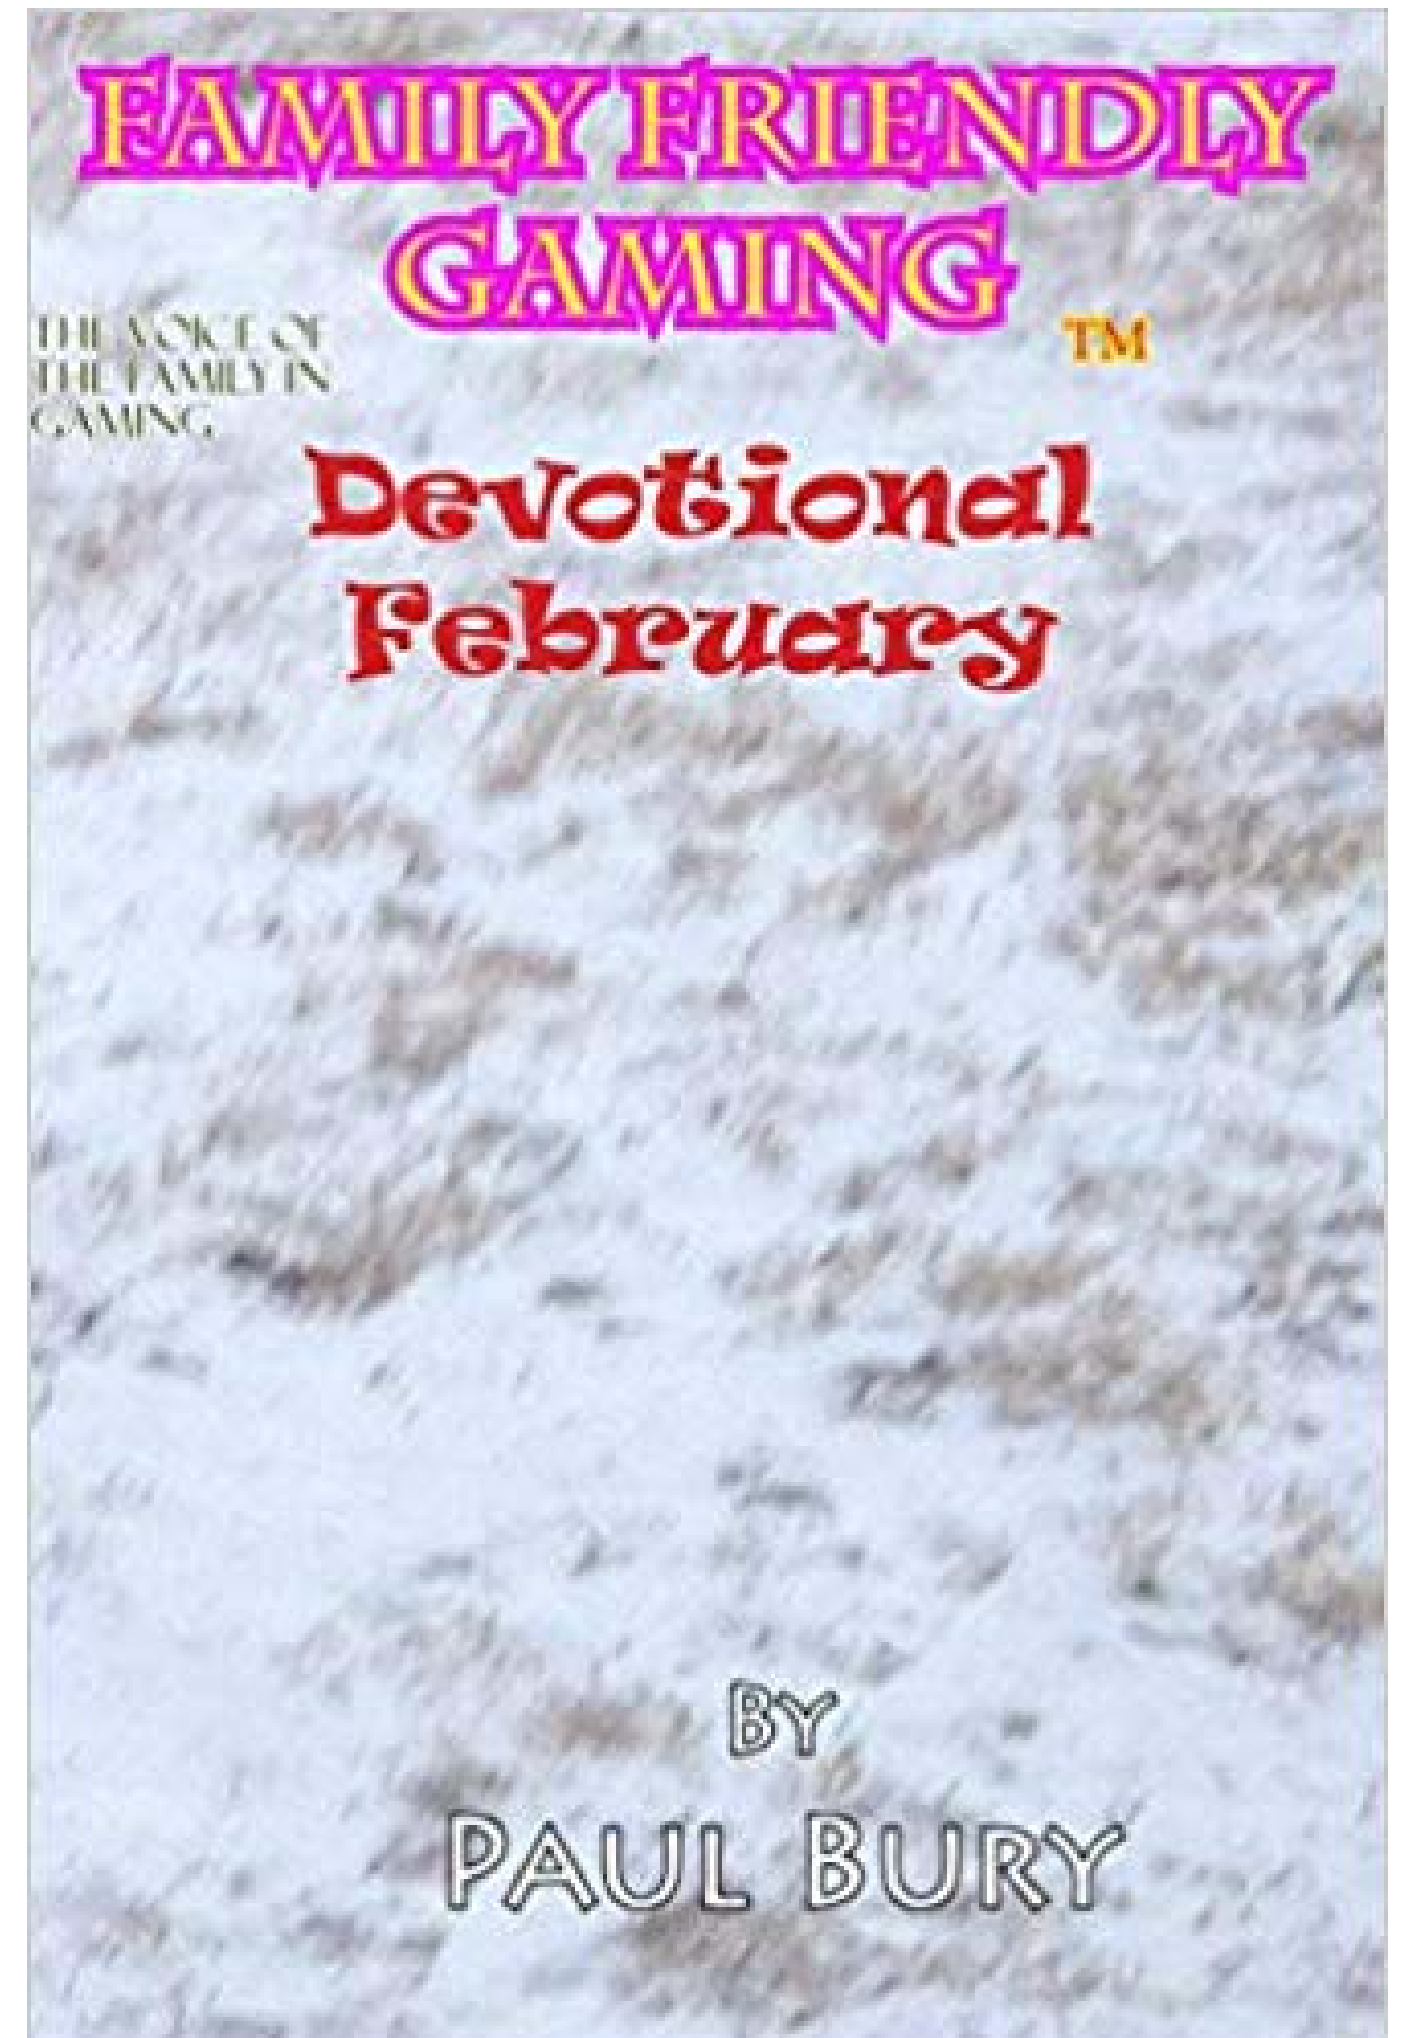

The more I pray on a daily basis the more I realize I need God to teach me. I need God to show me understanding. **Psalm 86:11** Teach me your way, Lord,
that I may rely on your faithfulness;
give me an undivided heart,
that I may fear your name.
How often do we comprehend fear of the Lord is the beginning to understanding?
Those that were blessed to be alive when Jesus was on Earth had an opportunity to learn directly from God. Would

you accept that opportunity? **Luke 7:40** Jesus answered him, "Simon, I have something to tell you."
"Tell me, teacher," he said. There were definitely wise people back then too. Will you be that wise?
I understand that some people think it is a sign of weakness to ask for help. I understand that some people think admitting a lack of understanding makes them look less than their carefully crafted public image. I also understand God is much greater than us.

God Bless,
Paul Bury

PRAYER

Jesus,
I know that I am a sinner and need Your forgiveness. Nothing I can do of my own power will give me true joy. I believe that You died for my sins. I want to turn from my enslavement to sins, and repent of them. I now invite You to come into my heart and life. I want to trust and follow You as my personal Lord and Savior. I welcome the transforming power of the Holy Spirit. Amen.

Song of The Elves Releases

The world of Old School RuneScape has expanded with the release Song of the Elves, a Grandmaster level quest finale that concludes the oldest and longest storyline in RuneScape history.

The Elf Quest series began in 2002 with Plague City, a novice-level quest, which marked the beginning of RuneScape's first ever storyline. Seventeen years later Song of the Elves's arrival in Old School RuneScape sees adventurers' team up with characters from across the series to finally put an end to the schemes of Lord Iorwerth and King Lathas and bring peace to the evergreen lands.

John Colgrave, Product Manager, Jagex:

“Song of the Elves is yet another major release for Old School RuneScape, and one of the game’s most significant content updates, following its surge in popularity thanks to the legions of mobile players joining desktop players. The launch of Prifddinas highlights the symbiotic relationship between Old School and RuneScape and is a great example of how the two games influence each other. Originally released in 2014, Prifddinas has been given an ‘Old School’ overhaul and the time has arrived to hand the keys of the elven city to our players”.

Completing the questline grants players access to the long-awaited and highly anticipated crystal city of Prifddinas. For years, this city has sat untouched on the Old School RuneScape map, only now will the secrets of this area be uncovered. Within the city among the bustling shops and robust resources, players can explore a vast range of new content. The main attractions being The Gauntlet, a challenging PvM minigame; and Zalcano, a brand-new demon skilling boss. Players successful in completing these challenges can unlock all-new crystal armour, tools and the legendary Blade of Saeldor.

WE WOULD PLAY THAT!

There are all kinds of cool family friendly video game ideas out there. This column features ideas of video games we would play. We hope games like these are created in the near future. Can you make it happen?

Day after day we spend time cleaning up the messes of others. It gets frustrating at times when there are certain people who think they should be waited on hand and foot. It can be annoying when some lazy person drags a chair over to the line to sit while they are waiting at the bank. It gets even worse when they are called that they decide to leave their chair there. We need a video game that teaches those people how rude, obnoxious, and inconsiderate they are being. Anyone in Family Friendly Gaming Universe have any ideas?

In case you were wondering the chair at the bank actually happened. The member of Family Friendly Gaming said something to this person and they did not like it very much. Why not? They were faced with their own ugliness. They were faced with how rude they were being to other people. They had to face their own selfishness. This person was not disabled, nor were they incapable of returning the chair they moved over there. They expected a disabled person to clean up their mess for them though.

There are a certain group of people who think they must be treated like special class citizens with rights above and beyond the rest of us. Video games need to address this and create games that teach us all we are all created equal. They do not deserve special rights because they are a certain

gender, or make certain lifestyle choices. They are not better than anyone else.

Maybe a game that gets up in their faces about their poor choices. Maybe a game that exposes them for who they really are. This game could ask them questions about what they would do in certain situations. Make the wrong choice and the game could expose you for who you are. Maybe it would be cool if such a game compared people to other bad people in history for example.

Would you play a game like that? Would you be interested in learning more about that kind of a game? How could this kind of a game help improve our current messed up culture and society? There is plenty of selfishness out there from those who could care less about anyone else. Is it time for them to learn?

REVIEWS

Welcome to our reviews section. We have a couple of rules when it comes to our reviews. The reviewer must give an honest accounting as to why he/she liked or disliked something. No fanboy reviews allowed here, or at the very least they are discouraged (after all everyone has their own personal biases, likes, and dislikes). Everyone also has different tolerances, and weaknesses - we strive to keep that in mind in our reviews. We have been burned ourselves by reviews saying a certain game is great, only to be greatly offended by that game. Reviewers must be kind in their reviews. A game may be horrible, but there is no need to degrade the developer, publisher, artists, etc. There is also no need for name calling.

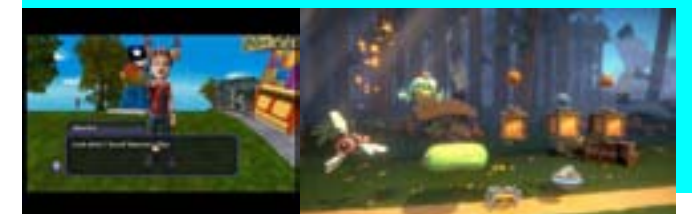

We review video games on five separate criteria: graphics, sound, replay/extras, gameplay, and family friendly factor. Review scale can be found here. The editor in chief coordinates reviews to have as much cohesion as possible. We are very open about the way we review video games. Each section starts with a 75 score, and can earn or lose points based on the content of the game, using our grading scale (found on the website).

Parents, please do not take any of our reviews as gospel. Different people are offended by different things. We work hard here at Family Friendly Gaming to discern the good from the bad in the teachings of each different video game. What may seem harmless to our reviewer(s), could be a big deal to you. We encourage you to spend time with your children and investigate each video game yourself. Each review is written with you in mind, and we try to mention each problem we find. We are not perfect, and miss things from time to time - just as the ESRB does. The ESRB rating is merely a start, and since they ignore many of the moral and spiritual factors important to parents all across America, we do our small part to fill that huge void. We are a small ministry and your prayers are so very important to us.

Time heals all wounds. Even ones dealing with a video game company that is corrupt, and completely unethical. I realized with all of the failures over at Atlus USA, certain games were not provided to us.

while on the handhelds too. If you are not familiar with this franchise you need to understand one important thing. Etrian Odyssey V Beyond the Myth is slow. I mean painfully slow. We have to mine for materials, fish, harvest,

skills in Etrian Odyssey V Beyond the Myth. They allow two characters to launch special attacks together. I found them to be not very helpful. I also had issues using magic in Etrian Odyssey V Beyond the Myth. Another aspect of Etrian Odyssey V Beyond the Myth is mapping the floors. We draw a map which is actually pretty handy when it comes to mining, harvesting, and fishing. I loved using a camping site to cook the food too.

No worries Family Friendly Gaming Universe, we saved up the money to purchase them. Etrian Odyssey V Beyond the Myth is one such video game on the Nintendo 3DS. I have a fondness for this franchise.

fight monsters, and then sell materials for better weapons and armor to be made. The costs of items, armor, accessories and weapons is insanely high in Etrian Odyssey V Beyond the Myth. Each level up we get one skill point to improve that character. Some things take ten level ups to learn.

There are a variety of adventurer log things that can happen in Etrian Odyssey V Beyond the Myth. Some of them are good and some of them are bad. We never know until we investigate. I hope this series comes back in the future. I also hope many of the moral, ethical, and religious issues are made more friendly for the super majority of Americans that self-identify as Christian.

The issues with Etrian Odyssey V Beyond the Myth that families need to be educated to are false gods, magic, violence, lack of attire, enticement to lust, bad language, and more. There are multiple races, and multiple classes in Etrian Odyssey V Beyond the Myth. This game is a first person dungeon crawler. The Etrian Odyssey series lasted quite a

I have been playing Disney Crossy Road off and on for years now. I finally unlocked every single character in the game. There are a lot of them too. Some characters can be earned with coins, and others have to be found a certain way. Some examples are drown a character twenty-five times, and play with a certain character until the game randomly generates another character so we can touch them. I never paid a cent for any characters in Disney Crossy Road.

do not work as they should. This is a minor complaint but one that led to numerous deaths. I also found we can hop through certain characters in Disney Crossy Road. Numerous ads pop up in Disney Crossy Road. I would happily pay a few dollars to never get ads but we are not given that choice. I would love for this game

The controls are simple in Disney Crossy Road. Tap to go forward, swipe left to go left, swipe right to go right, and swipe back to go back. Be careful going back because you can lose a level doing that. Characters can be leveled up with the blue 'P' coins if you want

I am a bit baffled by the rating of Disney Crossy Road compared to Crossy Road. Why are they so different when they contain the same deaths? There are ghost, ghouls, spirits, and other scary characters in Disney Crossy Road. I had fun playing Disney Crossy Road. I would love to play Disney Crossy Road on the Nintendo 3DS, Nintendo Switch, PS Vita, PS4, or Xbox One. A controller would improve the controls in this game. At times the controls in Disney Crossy Road

Even paid characters can be earned for free in Disney Crossy Road. I love the Frogger concept in Disney Crossy Road being extended to an endless hopper. I would like to see more games like Disney Crossy Road in the future.

RENZO RACER

Katamari Damacy Reroll

SCORE: 63

I was never a fan of Katamari Damacy on the Playstation 2. I was not very thrilled about Katamari Damacy Reroll on the Nintendo Switch and PC. I am thankful Family Friendly Gaming purchased a copy of Katamari Damacy Reroll on the Switch. The discrimination against Christians and conservatives in the video game industry continues to get worse along with the failures from the PR and Marketing folks.

The graphics in Katamari Damacy Reroll did not age well. The style is headache inducing. The obnoxious music and special effect sounds add to the headache. Katamari Damacy Reroll is a bad idea on so many different levels. If art is supposed to be gross and

offensive then Katamari Damacy Reroll is artsy. I see it as a waste of time personally.

We must accept every single term and condition that Bandai Namco Entertainment has decided upon in the one sided agreement process to be able to play this game. The king of the cosmos went on a bender and destroyed the moon and all of the stars. We must roll together trash to put things back in the sky.

The odd controls are explained in the tutorial of Katamari Damacy Reroll. Even then I did not remember all of the controls when I actually needed them. The bigger we get the ball of garbage we roll the larger items we can add to it. Somehow these items can collect more items even without any sticky residue. I am not sure how that works exactly in Kata-

mari Damacy Reroll.

The game play in Katamari Damacy Reroll is generally family friendly. I wish the storyline and the rest of the content had followed suit. The music is clearly not my taste. The same goes for the graphics. Maybe you are into these odd things. It is interesting to see this game ported over to the Nintendo Switch.

I value Katamari Damacy Reroll at five to ten dollars brand new. We are getting rehash, and the controls can be very frustrating at times. I already mentioned the audio, video, and moral issues with Katamari Damacy Reroll. I am thankful Katamari Damacy Reroll came in the physical copy format. - Paul

My Hero One's Justice

SCORE: 55

Bandai Namco Entertainment is the king of anime based fighting video games. My Hero One's Justice is the

already opened. No wonder the video game industry has such a corruption problem - it is concepts like this that exhibit how messed

up the thought process is at these companies. We are treated to Japanese voices in My Hero One's Justice. I was not familiar with the anime until this video game. My Hero One's Justice is a fighting game where eighty percent of the population have Quirks. What are Quirks? They give people super powers. There are plenty of moves the characters can do in this fighting game. The cut scenes look like a comic book. They might also be stills from the anime since they are in color. The game play in My Hero One's Justice is interesting. We can knock

opposing characters out of their special attacks. We can also attack one another at the same time. Blocking during a combo is also allowed in My Hero One's Justice. The tutorial forces the player to do all of the moves. Some of them require a special bar to be built up. The modes in My Hero One's Justice are Story Mode, Missions, Local Match, Training, Online Mode, Customize Profile, Customize Character, Gallery, Settings, and, Arcade. I like My Hero One's Justice better than some of the 3D one on one fighting games Bandai Namco Entertainment has published. I am not that big on the anime behind this game, but I am not against it either. Two family members can fight against one another in My Hero One's Justice. There are multiple costumes, poses, and more that can be unlocked in My Hero One's Justice. I feel My Hero One's Justice is a rental at best. - WMG

The issues families will have with My Hero One's Justice are bad language, blood, violence, lack of attire, enticement to lust, and more. This home console video game requires we agree to all of their terms to play our own property that we purchased. Good luck telling them no and getting your money back from the store after the product was

Dragon Quest Builders 2

SCORE: 77

Have you been enjoying the Twitch streams I did of Dragon Quest Builders 2? I purchased this game on the Nintendo Switch with birthday money. The unprofessionalism from those representing this game is part of the dark side of gaming. I continue to pray for them as they continue to do evil to Family Friendly Gaming. Lord willing they will turn from their evil ways in the near future. We will continue to do the right thing.

I love being able to swim in Dragon Quest Builders 2. The Minecraft Dragon Quest merger continues to work well in Dragon Quest Builders 2. I love being able to collect resources, craft things, and improve areas that have fallen on tough times. There are constantly quests to complete in Dragon Quest Builders 2. We get more and more characters in Dragon Quest Builders

ers 2 as we continue to play. The storyline in Dragon Quest Builders 2 is odd. The monsters have taken control of the world in the name of Hargon the Lord of Destruction. They have the people destroy everything. How will they eat? Where will they sleep? Certain concepts of destruction make little sense. Thankfully a few monsters realize this and help the player (a junior builder) in

making things better. The issues families can have with Dragon Quest Builders 2 is proselyting goddess worship, violence, blood, bad language, lack of attire, enticement to lust, and more. I got so sick and tired of all the attacks on creationism and Christianity in Dragon Quest Builders 2. Can Square Enix keep this out of one of their games? Thankfully Dragon Quest Builders 2 shows how important creating is over destroying.

Like the previous game we fight waves of enemies in Dragon Quest Builders 2. We have a main island we can build up, and then there are other islands we go to. On the other islands we fix their issues, learn new recipes, and gather new resources. Gathering seeds is one of my personal favorite things. I value Dragon Quest Builders 2 at forty dollars brand new. - Paul

Bubsy Paws on Fire

SCORE: 55

Bubsy has had quite the history in the video game industry. He was a cool mascot character in the 16-bit era with some fun video games to play. Accolade tried to transition him to 3D on the Playstation Bubsy 3D. That game was horrible, killed the franchise, and ran Accolade out of business. Recently Accolade came back with Bubsy The Woolies Strike Back. The horrible mess of a game should have been the final chapter of Bubsy.

Somehow we are here with Bubsy Paws on Fire. This game is not as glitchy as the last one but worse in almost every other regard. Bubsy is now a runner where we have four characters(Busby, Virgil, Woolie, and Arnold) to play. We are required to play levels multiple times to earn medals to unlock additional levels. This made Bubsy Paws on Fire such a frustrating experience

in my opinion. The different characters have different skills. Woolie flies in an UFO for example.

We can spend items earned in levels on different shirts for Bubsy. The movie cut scene that welcomed us into Bubsy Paws on Fire was cool. The voice acting was okay, and the jokes were obvious. We collect yarn or other items. If we score enough points past

enough we spell BONUS and the character is one fire. Most of the attempts at humor were poor in my opinion.

I do not understand why Bubsy Paws on Fire forces us to replay the same levels as different characters. It made Bubsy Paws on Fire very boring. I could see that for opening secret levels or something. Let us play one level and move on to the next level. Do not keep us stuck in a level two and three times to unlock the next level. What were they thinking?

The last game felt rushed and Bubsy Paws on Fire is honestly not that different in my opinion. I can still enjoy the 16-bit Bubsy games for now. Bubsy Paws on Fire further runs the franchise into the ground. Bubsy Paws on Fire was a mistake from start to finish. Do not spend your money on this game. - Paul

The Office Season 9

SCORE: 40

Fringe Season 2

SCORE: 63

I wanted to finish off The Office but was not happy with the prices of DVDs. I was also concerned this show was not as good as past seasons.

The Office Season 9 finishes off the show in style. There are a few funny moments along the way.

The issues families can have with The Office Season 9 is lack of attire, enticement to lust, sex outside of marriage, attacks on marriage, attacks on men, violence, promotes sexual deviancy, bad language, comic mischief, and more. The Office Season 9 teaches open rebellion against God in multiple arenas. I am shocked at how most of The Office Season 9 teaches women should get their way, and get to follow

their dreams, and men should give up whatever they dream.

The Office Season 9 comes around on the taping of the show and how it impacts the lives of those involved. Most of The Office Season 9 is cringe worthy. There are a few

moments like Stairmageddon. SPOILER ALERT! Dwight finally gets to become the manager in The Office Season 9. It is right near the end of the show though. Andy as the manager never made any sense to me. Jim seems like a better candidate but is more interested in Athlead. Pam grows up a lot at the very end of The Office Season 9.

The end of The Office Season 9 has wonderful feel good moments to it. It is neat to see characters from the past make appearances in The Office Season 9. The new characters do not really fit for me personally. Too many characters left this show and had it slowly dwindle. The new characters try to act like the old ones and fail at it miserably. I am glad I watched this on Netflix instead of purchasing it on DVD. I doubt I will ever watch this show again. - Paul

I am very thankful we had the money to purchase Fringe Season 2 on DVD. There is some character to this show, but it starts to drop off a bit in season two. In fact the big thing in this season is the different universe. If going between universes is so damaging why do so many people do it and so often? We learn more about why Walter kidnapped Peter from the other dimension. We also see more of William Bell.

The issues families will have with Fringe Season 2 are blood, gore, disgusting images, lack of attire, enticement to lust, sex outside of marriage, bad language, promotes religious belief of evolution, attacks Christians, attacks God, promotes drugs, and more. Fringe Season 2 lets you know that is completely supports illegal aliens breaking into countries. Why support criminal activity so openly? The message Holly Weird

is sending is pretty obvious.

There are some humorous moments in Fringe Season 2. We see the relationship between Peter and Walter grow and mature. In typical television fashion Fringe Season 2 has to take it all away at the end. The science fiction elements of Fringe Season 2 get more pronounced. We spend less time on weird cases, and more on people from the other universe.

I will continue to watch more seasons of Fringe Season 2 as the money presents itself.

I may have wait for season three since too many other shows need my attention. The dynamic between the main characters in Fringe Season 2 is really good. I enjoyed watching the behind the scenes bonus content.

We learn about people with powers in Fringe Season 2. Agent Olivia Dunham is one of the most interesting in my opinion. SPOILER ALERT! Too bad many of them are killed off so quickly in Fringe Season 2. We also spend a few episodes in the other universe. Which was pretty cool in my book. The cliffhanger of Fringe Season 2 is very interesting indeed. - Paul

iCarly 2 iJoin the Click

SCORE: 84

Did you enjoy the massive amount of videos I did of iCarly 2 iJoin the Click? The most recent ran on our Twitch channel. You can find the videos that made it to Youtube here. The best way to describe iCarly 2 iJoin the Click is iCarly done in the Animal Crossing genre. We can fetch items, deliver items, decorate a room, and more in this Wii game.

iJoin the Click. Saturday nights is when the iCarly web show happens in this Wii game. Then we can grow the viewers and try and progress this home console video game. I am not even sure if iCarly 2 iJoin the Click has an ending to it. I played this game for years and never got any ending. There

Hopefully my last Twitch stream of iCarly 2 iJoin the Click explained why I was done playing it. iCarly 2 iJoin the Click has nice music, okay graphics that grew on me, a bit of crude humor, some voices and some mumbles. There are a variety of different little mini games we can play in iCarly 2 iJoin the Click. Finding certain items is all luck based. In fact I played for months and never found certain items that were needed for quests. How does that happen?

We play Sunday through Saturday in iCarly 2

was just more viewers to try and reach.

iCarly 2 iJoin the Click is time based. What I mean by that is we wake up and time starts to progress. iCarly 2 iJoin the Click does not match Animal Crossing in this though. I can play iCarly 2 iJoin the Click at 10pm at night in the real world, and the game will start me at 6am. We must be in school Monday thru Friday. I never got a summer or winter break in iCarly 2 iJoin the Click.

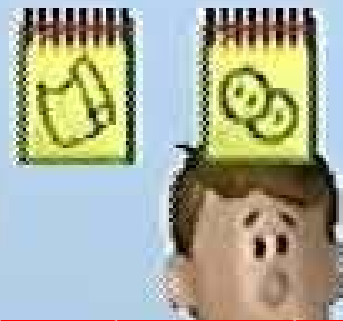

There is some definite charm in iCarly 2 iJoin the Click on the Wii. I enjoyed my time with this Wii game. There is always something else to do in this game. The replay value is off the charts. What I don't like is not getting quest related items for a long time. What makes that worse is there are multiple of the same items in the stores. iCarly 2 iJoin the Click also includes some graphical glitches. - Paul

Blue's Clues Blue's Big Musical

SCORE: 90

I keep working my way through my pile of retro video games that we did videos of in the past. Blue's Clues Blue's Big Musical is one of those games. This is a great Playstation game for kids. They learn about colors, shapes, planning, drawing and more. Kids help Blue plan out a big musical event. They meet all kinds of cool characters along the way. There are eleven games in Blue's Clues Blue's Big Musical designed specifically for preschoolers.

The only reason Blue's Clues Blue's Big Musical did not score higher is we ran into some issues with this game. We got stuck and went everywhere. Somehow we broke Blue's Clues Blue's Big Musical. We were unable to progress because we must have done something out of order. If your kids do this they will not be too happy with this Playstation game.

Blue's Clues Blue's Big Musical looks good for its era, and is fun for kids to play. The activities teach important skills that kids need to learn. I would love to see sequels to Blue's Clues Blue's Big Musical in the near future. - Paul

Spongebob Squarepants Supersponge

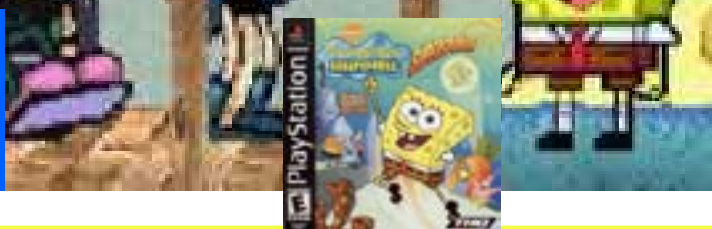

SCORE: 80

The large character models in Spongebob Squarepants Supersponge impressed me. The glitches in this game did not. We must find certain items in specific levels to complete them in Spongebob Squarepants Supersponge. This aggravated me to no end since I would have to backtrack and find what was missed.

Expect some mild violence, off color humor, and more in Spongebob Squarepants Supersponge. I love how this game teaches us to help out elders. There are so many selfish younguns nowadays that it is nice to see a video game reinforce good teachings for a change. There are a variety of different devices Spongebob can use in Spongebob Squarepants Supersponge. They each grant different abilities.

Spongebob Squarepants Supersponge is a bit on the short side. I did not spend a lot of money on this game though. The controls can be obnoxious at times in Spongebob Squarepants Supersponge. Numerous characters from the television show are found within Spongebob Squarepants Supersponge on the Playstation. I am interested in sequels to this game if the glitches can be brought under control. - Paul
