On the Prowl

We can easily tell when we are in the cross hairs of our enemy the devil. We know when he is coming after us. We can see when he has sent his minions after us. We are in a fight right now as I write this. Evil people are doing evil things as they obey their evil father.

1 Peter 5:8-9

8 Be alert and of sober mind. Your enemy the devil prowls around like a roaring lion looking for someone to devour. 9 Resist him, standing firm in the faith, because you know that the family of believers throughout the world is undergoing the same kind of sufferings.

Those verses remind me that we are constantly in a spiritual battle. As a citizen of the kingdom of heaven I understand that I am behind enemy lines trying to save as many as I can. I also know that the evil ruler of this fallen sin filled world is not going to just roll over for me. God protects us. At the same time we have to stay alert because evil things will come to us because of our relationship with Jesus Christ. The devil wants to destroy all of that.

It should never surprise you when servants of Satan go around worshipping destruction. It bothers me to see it. I can barely comprehend those that worship destruction. I believe in creation. I believe in creating. I believe in obedience to God, not rebellion. I rebel against the world and the worldly. I refuse to worship at their altars.

I refuse to join in the political correctness rebellion against God. I choose obedience to God. I refuse to join celebration of sinful behaviors and lifestyle choices. The tolerant of diversity hate me for it. So be it. I accept their venomous attacks because the prophets of old were treated in the same way. In other words I am in good company.

What some people fail to comprehend is I am not a doormat. I am loving, kind, and considerate. At the same time I do not let others walk all over me while they are doing evil. I will not applaud them for doing the wrong thing. All of us will answer to God for our deeds and misdeeds. I have

plenty of things to answer for. I accept that. I make plenty of mistakes to this day. I am still a work in progress. Are you? Only the arrogant think they have no room to improve.

God has us in his loving embrace. God is protecting us with his wings. Satan is going to lose. We won't join him in that failure. We choose to stay on the winning side. I may be exhausted from the attacks of the evil people who worship death and destruction. God restores me on a daily basis. I put my faith, hope and love in HIM!

God bless,
Paul Bury

Christmas and New Years

How was your Christmas? How was your New Years? I hope you had a wonderful Christmas and New Years. I love this time of year. There are Snowmen everywhere. The majority of people are so much nicer to one another. Someone recently told me that they like Christmas time because people talk to one another more often. Have you noticed that behavior? I certainly have. Sure there are some grumps and griches who just want to be left alone. Their icy hearts melt when others show a genuine and true interest in them and what is going on in their lives.

all of the changes and improvements on the Family Friendly Gaming store page?

Have you noticed all of the changes and improvements on the Family Friendly Gaming store page? We listened to you about what we could do to make it better. Boy has it improved. We will continue to make things better on that page as we grow, develop, and mature as a ministry. We also listen to you in terms of what you would like for us to sell.

Do you happen to have hope for the new year? I certainly do. We have scratched and clawed our way to where we are today. No one said it would be easy. No one said it would be fair. No one said it would be all rainbows and sunshine. No one said all we would smell is roses. There are good years, and years that are a struggle. No what the sign of life is? Problems and struggles. I am glad 2019 is done and over with. I pray for a year of blessings in 2020. It is also a leap year which is really cool. Leap years are generally better years in my opinion. Why? We get an extra day to get it right. How cool is that?

Were you able to give everything you wanted to on Christmas? I wanted to give so much more. Sadly I did not have it to give it away so I was not able to. Were you able to spend

as much time with family as you wanted to? God has blessed our family by being able to spend so much time together around Christmas and New Years. All of us enjoy one another. Sometimes we get a bit too much together time. Especially with moody teenagers. Bless their hearts.

What were your fun plans over Christmas and New Years? Did you get an opportunity to thank God for sending His one and only Son Jesus Christ to die for our sins? Did you make it to a candle light service or have your own at home?

God bless,
Yolanda Bury

MISSION STATEMENT

Family Friendly Gaming (FFG) was created in March of the year of our Lord 2005 as the first ever Christian video game magazine. The goal of Family Friendly Gaming is to report on video games from the family view point. Family Friendly Gaming takes a fair and balanced approach to all news, previews, reviews, interviews, features, and other articles found within. The secular video game media reports mainly on the most morally bankrupt games and call those games good. The major secular media reports on the bad side of video games mainly. Most other Christian media outlets claim video games turn the player into a zombie, or they completely worship video games. Family Friendly Gaming reports the good, and bad side effects to video games. It is the belief of the owners that readers are smart enough to come to their conclusions without those in the media handing opinions to them. Those of us at Family Friendly Gaming believe by giving you the facts, you can decide for yourself. There are plenty of really good video games on the market that teach wonderful lessons. Both inside the Christian video game market, and from non-Christian video game developers. Family Friendly Gaming seeks out these video games to bring them to your attention. Since it is unknown before playing a game how family friendly it is; it is possible that this magazine will preview a game, and then the review will expose problems previously unknown. Family Friendly Gaming promises to always ask the question: "how God feels about certain video games." God's opinion on the matter is more important than any mere mortal. Which is why the rest of the industry does not influence FFG.

Youtube Again!!

I am so bummed to hear Youtube did it to Family Friendly Gaming again. Everyone knows your family makes original videos. Ya'll are not stealing content

from other creators. Why did they take monetization from Family Friendly Gaming again. I believe Youtube is shady.

- Martha

That sucks that Youtube took the monetization money from Family Friendly Gaming. I love your videos. I know ya'll are not copying other channel. Thirty days with no warning, and no quick appeals process is not even close to fair. I think it is because you are Christians.

- Bob

I left Youtube a feedback comment to remonetize the Family Friendly Gaming channel. Their discrimination against conservatives is evil. They are children of

Satan for doing this again. Fight the good fight brother. We are praying for you.

-Mike

{Paul}: Ya'll,

Want to know how badly Youtube shot themselves in the foot? We were just doing more Youtube only original content for them. We started streaming on Youtube. We were moving away from Twitch streaming since we have still not got paid for seven months of work on Twitch. It has accumulated to like twelve dollars and we don't get paid until it reached one hundred dollars. We are back working more on Twitch because Youtube discriminates against Christians,

conservatives and anyone who does not tow the extreme radical far leftist zealot embracing rebelling against God. We stood up to Youtube and this is how they

You

treat us. Youtube is evil, corrupt, greedy, and they lie.

We still have 350 videos to release on Youtube. We are releasing those and will see from there. We currently release around 20 videos a week. That means we have seventeen weeks of videos to release. We are looking at and trying other video sites to see if they will get any traction. I will admit I am beyond frustrated with the situation. We work hard on our channel and Youtube keeps treating us like slaves. They say our videos are too horrible for us to profit from them. Youtube keeps running ads and is profiting from our videos. Why can they profit from our hard work and not us?

Madden NFL 20

Thank you for your review of Madden NFL 20. It gave me a well rounded opinion and I went out and purchased this football game. Thank you for that review. I appreciate it. What happened? EA gave Family Friendly Gaming a copy? How did that happen? Don't most companies not send reviewable copies that late after a game is released? What went on there? I am really curi-

ous to know. Great stream by the way. That was the most epic game of all time.

- John

{Paul}: John,

Believer it or not you are to

thank for Family Friendly Gaming receiving a reviewable copy. We were contacted out of the blue by EA about the issue with Madden NFL 20 being on the front cover and they offered to send us a reviewable copy. So I responded, waited a week and nothing happened. I then sent the email

from a protonmail account we have and got a response. For some reason our emails are not making it through to some other companies. I have no idea what is going on or why. I will try that in the future when we are not hearing from companies. In fact Square Enix recently sent us

SOUND OFF Continued

a copy of a game after sending something from a protonmail account.

I sort of feel bad about some of the things we said if it was just our emails not making it through. Which denotes a problem that we have no idea how to fix. We won't know when we are being ghosted by cowardly people and when our emails are not going through. It just adds to the irritation, and frustrations I have been experiencing in December of 2019. It feels like no matter how much we do there is always something else left over to do.

Where is the Church?

I loved your call to action to the church. I pray that all churches in America read that article and take action. You have given them a challenge that they all need to embrace and enact. The double standards you called out are obvious to anyone with a heart for Christ. I got some people at my church angry by echoing the points you made. I would love for more fellow believers to live out their claims in America. Being a Christian is about more

than just being there on Sunday.

You and your family obviously live it out. I can tell you guys are not perfect. You do not claim to be either. You are open, honest, and real. I love your transparency. I love how you share your struggles with all of us.

- Lauren

{Paul}: Lauren,

Thank you so much for your words of encouragement. Thank you for talking about this issue at your local church. That is an important first step. The discussion needs to be how to have more believers who are real, genuine, honest, true, and transparent. There are too many silos in the modern day American church. Too many people and places that only think about themselves. We are constantly helping out oth-

ers. Many times we are not getting paid like Superman. We do what we do out of love.

My concern is it will fall on deaf ears that are just self absorbed. Sadly I have talked to

way too many pastors that are all about what you can do for them. It breaks my heart because they are hurting the image of Christians as they amass meaningless worldly wealth.

Like Your Last

In our Sunday school class our teacher has been going over a wonderful series on living every single day like your last day. How often have you heard that? How much effort does it take to change your perspective? None of us knows how much time we have. Planning is good but we cannot expect our plans to always come to pass. **Luke 12:16-20** *And he told them this parable: "The ground of a certain rich man yielded an abundant harvest. 17 He thought to himself, 'What shall I do? I have no place to store my crops.' 18 "Then he said, 'This is what I'll do. I will tear down my barns and build bigger ones, and there I will store my surplus grain. 19 And I'll say to myself, 'You have plenty of grain laid up for many years. Take life easy; eat, drink and be merry.'" 20 "But God said to him, 'You fool! This very night your life will be demanded from you. Then who will get what you have prepared for yourself?' Someone else can wind up with all of the Earthly treasures we store up for ourselves.*

I noticed something as I have been working on living ev-

ery single day like it was my last. Very few other people are on board with it. Too many people act like they are going to live forever. It actually can irritate and annoy others when you live like this is your last day. There are things you want to do one last time, and they do not have the same urgency. They also do not understand why you want to do things one final time. Their perspective is different. **Romans 12:2** *Do not conform to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is—his good, pleasing and perfect will.* It reminds me to work on having God's perspective on life.

What would you do if it was your last day on Earth? Would you sleep in and be lazy? Would you reconcile with someone where there is some bad blood? Would you encourage more people to have a relationship with Jesus Christ? **Matthew 6:28-34** *"And why do you worry about clothes? See how the flowers of the field grow. They do not labor or spin. 29 Yet I tell you that not even Solomon in all his splendor was dressed like one of these. 30 If that is how God clothes the grass of the field, which is here today and tomor-*

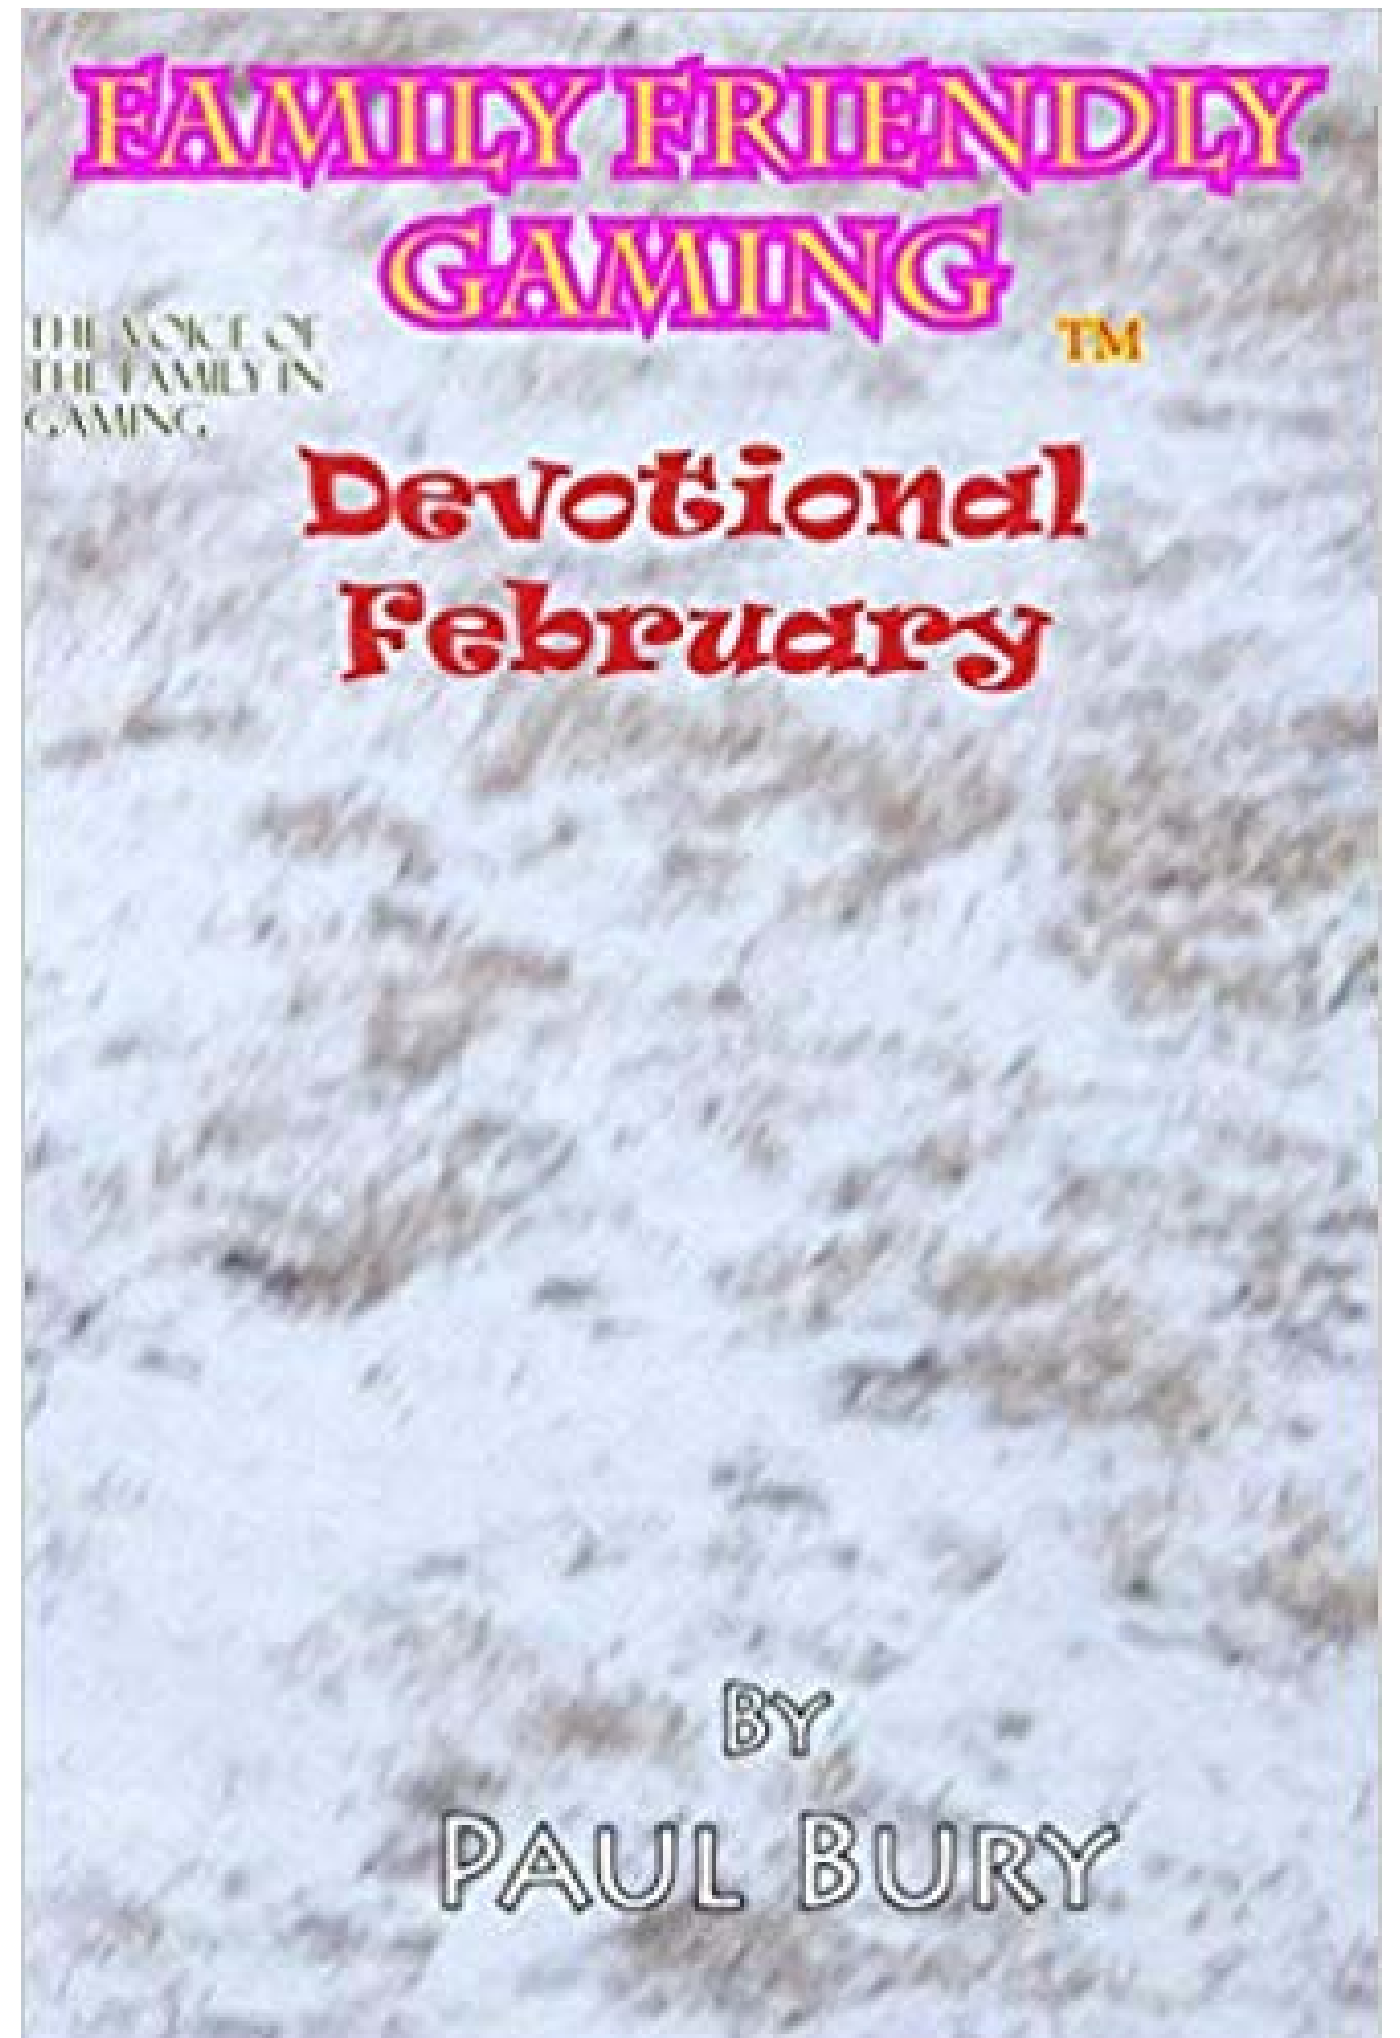

row is thrown into the fire, will he not much more clothe you—you of little faith? 31 So do not worry, saying, 'What shall we eat?' or 'What shall we drink?' or 'What shall we wear?' 32 For the pagans run after all these things, and your heavenly Father knows that you need them. 33 But seek first his kingdom and his righteousness, and all these things will be given to you as well. 34 Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own. How will you change?

God Bless,
Paul Bury

PRAYER

Jesus,

I know that I am a sinner and need Your forgiveness. Nothing I can do of my own power will give me true joy. I believe that You died for my sins. I want to turn from my enslavement to sins, and repent of them. I now invite You to come into my heart and life. I want to trust and follow You as my personal Lord and Savior. I welcome the transforming power of the Holy Spirit. Amen.

Mobile Game Measures Balance in the Concussed

Highmark Interactive, a health technology company, announced the results from a recent study that shows how their FDA 510(k)-cleared Class II medical device, EQ Brain Performance (EQ), accurately measures deficits in balance that result from a concussion. Having revolutionized the approach to evaluating neurologic function, the data provided by Highmark's mobile game-based technology offers an objective, reliable and quantifiable way of differentiating between healthy individuals and those with poor balance that is often associated with concussion, therefore providing rehabilitation guidance on the path to recovery.

Given the limitations and inconsistencies of today's most common concussion screening protocols, there is a need for more objective and specific methods to assist healthcare professionals in the detection and diagnosis of concussions. Unlike conventional baselines and subjective evaluations that rely solely on the comparison of current performance to a single point in the past, Highmark's neurological functional assessment technology quickly delivers precise, objective and quantifiable data regarding balance, visual and cognitive performance. The technology allows individuals and their caregivers to evaluate their brain's performance over time.

Highmark's study found that functional balance tests using the EQ technology are a useful, precise and objective method of assessing underlying neurological health. The study demonstrated how EQ could be safely utilized in the concussed population and that it clearly and reliably differentiated between individuals with

healthy balance and those with poor balance; often seen in concussion.

"Concussions are a significant international public health concern, yet the methods currently used for its detection are largely subjective. In addition, not all concussions are the same, yet patients usually lack a clear understanding of the severity of a concussion as well as the road to recovery. Objective balance assessment provides doctors and other healthcare professionals with a fast and objective tool for assessing concussions and other TBIs," said Dr. Michael Kis, Neurosurgeon Trillium Health and Principle Investigator of the study. "This study demonstrates that digital balance tests, such as Highmark Interactive's EQ, are capable of providing doctors with the data they need to quickly and precisely uncover abnormal balance in a concussed population."

By combining balance measurement with cognitive and visual measures, EQ has the capacity to take advantage of advanced machine learning algorithms that will help doctors and rehabilitation team members manage concussions more effectively, determining appropriate treatment programs, and in determining when it is safe for concussion patients to return to normal activity after sustaining a concussion.

"Highmark's EQ platform represents an entirely new approach to assess and track neurological function" said Dr. Sanjeev Sharma, Co-Founder and CEO of Highmark Interactive. "By fusing the powerful engagement that comes from gaming with our proprietary algorithms, EQ's software provides the richest, most comprehensive understanding of an individual's functional neurological performance".

I AM PATRICK THE PATRON SAINT OF IRELAND Announced

This St. Patrick's Day the little-known yet fascinating and true story of Ireland's patron saint comes to life on theater screens nationwide for two days only in the inspiring docudrama I AM PATRICK: THE PATRON SAINT OF IRELAND.

From CBN Documentaries and Director Jarrod Anderson, the feature-length docudrama peels back centuries of legend and myth to tell the story of Saint Patrick using historical re-enactments, expert interviews and Patrick's own writings to trace his journey from man to saint.

"From a life of comfort to enslavement to a faith that changed a nation, this is the true

story of the saint
You thought you knew," Anderson said.

SYNOPSIS

In the 5th century, the Roman empire was collapsing, and barbarians threatened civilization. In Britain, a teenager named Patrick was living a comfortable life as the son of a government official. Despite being part of the Roman Catholic Church, his faith didn't mean anything to him until he was kidnapped by pirates at the age of 16 and enslaved at the edge of the known world—Ireland.

For six years, Patrick was forced to work as a shepherd and was driven to the brink of starvation. It was there he turned to his Christian faith and through divine intervention managed to escape. He was reunited with his family in Britain only to have a prophetic dream calling him to take Christianity back

to the land of his captivity.

Against the wishes of his family and the Church, Patrick returned as a missionary bishop to Ireland and converted thousands to Christianity. He opposed slavers, Irish kings and possibly Druids but nothing compared to the hostility he faced from his fellow Christians. After a close friend exposed a dark secret of Patrick's, it is believed he was

ordered to leave his mission and return to Britain.

Patrick had to choose – obey God or obey man?

Distributed by Fathom Events, I AM PATRICK is in movie theaters nationwide March 17 and 18 only.

The film features John Rhys-Davies – known worldwide as Gimli the dwarf in THE LORD OF THE RINGS – as the older Patrick. Sean T. O'Meallaigh portrays Patrick, with Robert McCormack as Young Patrick.

Written and directed by Jarrod Anderson, I AM PATRICK is produced by Anderson and Sarah Maunsell. Executive Producer is Gordon Robertson.

WE WOULD PLAY THAT!

There are all kinds of cool family friendly video game ideas out there. This column features ideas of video games we would play. We hope games like these are created in the near future. Can you make it happen?

By now you probably heard that Youtube decided to steal the monetization money from Family Friendly Gaming once we got over one thousand dollars a month. We had three months where monetization was being provided and then the psycho haters that are part of the cancel culture attacked us again. These children of Satan show their true form yet again. So the kind of video game we would like to play is something that exposes Youtube, and turns millions upon millions to a better site. Yes we actually want that to happen

in the real world. Playing a video game of it would be interesting. Playing a video game would draw attention to this important issue.

Family Friendly Gaming has known Google is evil, vile, and wicked for a long time. We have exposed them over and over again. Sadly there are people who still are completely ignorant to this. As Youtube gets worse and worse press from real people, there are more people who would buy a video game that shows how evil Youtube actually is. This kind of a video game would be a public service announcement sort of thing. It is so important that millions are educated to the truth.

Youtube lies and Youtube steals. Those realities need to be put in a video game. It would be hilarious if there were game play videos of this game on Youtube as well. The irony is thick, and juicy if

you know what I mean.

The radicals on the far left has conquered too many tech companies and tech sites. The thought of getting real balance seems to far away. Maybe this game could be about a Christian conservative being lied to by the cowards at Youtube. Maybe this game could show this person trying to get real and important change. The price of obeying God versus joining the rebellion against God could be shown in such a video game.

If anyone making this game needs a consultant then we are happy to help them here at Family Friendly Gaming. Would you play a video game that exposed the evils over at Youtube? Would you start to support other video sites instead? Would you tell your family, friends, and neighbors about this major important problem?

Deuteronomy 27

9 Then Moses and the Levitical priests said to all Israel, "Be silent, Israel, and listen! You have now become the people of the Lord your God.

10 Obey the Lord your God and follow his commands and decrees that I give you today."

REVIEWS

Welcome to our reviews section. We have a couple of rules when it comes to our reviews. The reviewer must give an honest accounting as to why he/she liked or disliked something. No fanboy reviews allowed here, or at the very least they are discouraged (after all everyone has their own personal biases, likes, and dislikes). Everyone also has different tolerances, and weaknesses - we strive to keep that in mind in our reviews. We have been burned ourselves by reviews saying a certain game is great, only to be greatly offended by that game. Reviewers must be kind in their reviews. A game may be horrible, but there is no need to degrade the developer, publisher, artists, etc. There is also no need for name calling.

We review video games on five separate criteria: graphics, sound, replay/extras, gameplay, and family friendly factor. Review scale can be found here. The editor in chief coordinates reviews to have as much cohesion as possible. We are very open about the way we review video games. Each section starts with a 75 score, and can earn or lose points based on the content of the game, using our grading scale (found on the website).

Parents, please do not take any of our reviews as gospel. Different people are offended by different things. We work hard here at Family Friendly Gaming to discern the good from the bad in the teachings of each different video game. What may seem harmless to our reviewer(s), could be a big deal to you. We encourage you to spend time with your children and investigate each video game yourself. Each review is written with you in mind, and we try to mention each problem we find. We are not perfect, and miss things from time to time - just as the ESRB does. The ESRB rating is merely a start, and since they ignore many of the moral and spiritual factors important to parents all across America, we do our small part to fill that huge void. We are a small ministry and your prayers are so very important to us.

Mario & Sonic at the London 2012 Olympic Games

SCORE: 90

I am so glad we started a campaign here at Family Friendly Gaming to catch up on Nintendo 3DS and Nintendo DS video games we missed back in the day. Mario & Sonic at the London 2012 Olympic Games on the Nintendo 3DS is a great example. We already reviewed the Wii version back in 2012. Now it is time to review the hand held version of this sports game.

The modes in Mario & Sonic at the London 2012 Olympic Games are Single Player, Multiplayer, Story Mode, Record Log, and Options. All of the events are unlocked from the start which is really cool. The Story Mode is interesting and engaging in my professional opinion. I enjoyed seeing the fog, and fog characters in Mario & Sonic at

the London 2012 Olympic Games. This hand held game can be found for a very reasonable price now too.

Mario & Sonic at the London 2012 Olympic Games sounds good and looks good on the hand held. I expected major graphic

differences but found Mario & Sonic at the London 2012 Olympic Games looks great on the Nintendo 3DS. Definitely not as good as the Wii version but that is to be expected. We hear a variety of sound bytes from the

different characters in Mario & Sonic at the London 2012 Olympic Games.

The only complaint I have about Mario & Sonic at the London 2012 Olympic Games is the controls. Some of these events control great. Others take some time to learn. Still others frustrated me over and over again. Overall the majority of the controls make Mario & Sonic at the London 2012 Olympic Games a fun game to play. There are a few that bring this game down a bit.

Mario & Sonic at the London 2012 Olympic Games is one of those games I could play and play. If Sega offered video sponsorship to play Mario & Sonic at the London 2012 Olympic Games I would certainly consider it. I hope to see more games like Mario & Sonic at the London 2012 Olympic Games on the Nintendo 3DS in the near future.

Etrian Odyssey 2 Untold The Fafnir Knight

SCORE: 60

I am blessed that Family Friendly Gaming decided to purchase a copy of Etrian Odyssey 2 Untold The Fafnir Knight on the Nintendo 3DS. I love what our emperor is doing. He is finding older games in this franchise and giving us an opportunity to play and review them. Etrian Odyssey 2 Untold The Fafnir Knight is the best game in the franchise I have played thus far.

What makes Etrian Odyssey 2 Untold The Fafnir Knight so good? It keeps the door open to casual gamers. Etrian Odyssey 2 Untold The Fafnir Knight is the easiest Etrian Odyssey. The game will auto map for you if you let it. I love that

feature. Etrian Odyssey 2 Untold The Fafnir Knight is also quicker if you pick the easiest setting. No need to slog through areas over and over again and constantly grind.

The issues families will have with Etrian Odyssey 2 Untold The Fafnir Knight are lack of attire, enticement to lust, bad language, violence, and more. Etrian Odyssey 2 Untold The Fafnir Knight promotes the goddess worship. We also get some demon like powers to fight monsters.

There is a cooking aspect to Etrian Odyssey 2 Untold

The Fafnir Knight too. We test recipes by using ingredients to see if it will work or not. It can be frustrating if you do not have the right ingredients to complete the dish. We can make our own characters or go with preset ones that have their own story. I love that part of Etrian Odyssey 2 Untold The Fafnir Knight.

The thirteen and older aspect of Etrian Odyssey 2 Untold The Fafnir Knight should be kept at all times. There is plenty of content not good for kids in Etrian Odyssey 2 Untold The Fafnir Knight. There is plenty of content in Etrian Odyssey 2 Untold The Fafnir Knight not good for adults either.

One Piece World Seeker

SCORE: 58

It warms my heart like a fire that Family Friendly Gaming purchased a copy of One Piece World Seeker on the PS4 after the PR and Marketing peeps totally failed us. We get to experience an all new original story in this open world One Piece video game. Families need to be warned about all of the bad content found within One Piece World Seeker though.

The issues families will find within One Piece World Seeker are violence, lack of attire, enticement to lust, and more. I think I went through three screens of agreeing to all of their terms before I could use my own product. The loading times in One Piece World

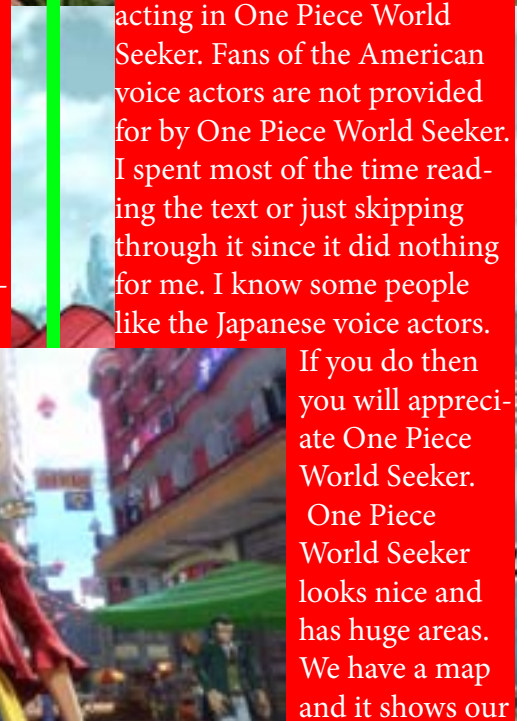

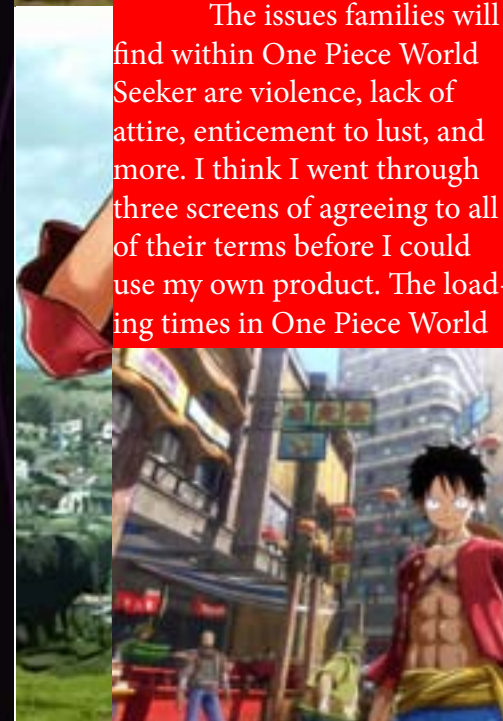

Seeker are a long snore fest. We can play a game or go into Free Battle. Free Battle is a waste of time.

We get Japanese voice acting in One Piece World Seeker. Fans of the American voice actors are not provided for by One Piece World Seeker. I spent most of the time reading the text or just skipping through it since it did nothing for me. I know some people like the Japanese voice actors.

If you do then you will appreciate One Piece World Seeker. One Piece World Seeker looks nice and has huge areas. We have a map and it shows our

next location. I loved using that vision to see where different friends and enemies were. The arm stretching to fly to certain locations is fantastic in One Piece World Seeker. It almost felt like web swinging in Spider-Man video games. I also learned I could get places faster using it.

There are all kinds of mindless battles we must go through in One Piece World Seeker. What was the point of beating up these enemies so often? I did enjoy the stealth attack where I could knock them out from behind with one punch or kick. I found One Piece World Seeker to be boring most of the time.

Fitness Boxing

SCORE: 64

Nintendo has been crushing the hopes and dreams of so many for so long that we have come to expect it. Their unprofessional PR and Marketing representatives failed us 100% in terms of Fitness Boxing. We are not part of the bought off corrupt gaming media so we are going to tell it like it is. Avoid this game like the plague. Fitness Boxing is not worth the high price. It is glitchy, and messed up way beyond what we expected.

The first thing I noticed about Fitness Boxing is the controls don't always register. It does not matter the foot stance, bouncing or not, or which Joycon controller. Two family members can enjoy Fitness Boxing while it is docked to the television set. Two Joycons are needed per family member though. Fitness Boxing joins a long line of boxing fitness video games. I have played Wii games from third party companies that recognizes punches better than

Fitness Boxing.

The modes in Fitness Boxing are Daily Workout, Free Training, and Basic Training. We have a calendar where we punch to mark which day(s) we played this exercise based video game. There is the violent content of punching, lack of attire, and enticement to lust. Why do we need half dressed women in Fitness Boxing? We also workout to songs in Fitness Boxing. At least we sort of do.

The songs in Fitness Boxing are instrumental. There is no singing and no lyrics to all of these pop songs that are generally recognizable. Fitness Boxing makes us stretch before and after the boxing exercise. If you do not feel like doing it you do not have to. Why? Fitness Boxing does not grade or test you on the stretching. I sat down and did nothing during the cool down stretches. Which were the same as the warm up ones.

There are six trainers in Fitness Boxing that have a variety of different clothing. We can unlock the clothing to change how the trainers look. Honestly I could care less how a trainer looks as long as they are fully clothed and not a visual distraction. Nintendo failed at that some in Fitness Boxing as well. I love the exercise nature of Fitness Boxing. I wish the controls worked without glitches and the enticement to lust issues were not present. - Paul

WWE 2K20

SCORE: 52

Did you enjoy the Youtube stream we did of WWE 2K20? If you missed it then please go here. We enjoyed playing the matches and wrestlers ya'll asked us to. Since the PR and Marketing folks failed us completely FFG purchased WWE 2K20 on the Xbox One during the Black Friday sales. I knew this wrestling game would fail with us on multiple levels.

The ladder match mini game has gotten a bit better in WWE 2K20. It is still really obnoxious and time consuming. The variety of matches in WWE 2K20 is decent. I still could not find the legitimate Wargames in WWE 2K20. This game is still reversal heavy and requires exact timing to work. The difficulty is really tough on the normal level. Computer controlled characters can easily knock a player out of a Royal Rumble. Players will work hard to get out the computer con-

trolled characters. we all know the women wrestlers are nowhere near as good as the men wrestlers. Nowhere near as exciting, or interesting either. Plus it is wrong watching women beat one another up. Such a waste if you ask me. Multiple family members can take their favorite wrestlers or create their own to battle it out in WWE 2K20. The auto targeting of who you are facing is so obnoxious in WWE 2K20. I wish we could move around freely in the ring and target only when we want to. Turning that on and off should be an option. Offensive music can be turned off in WWE 2K20.

WWE 2K20 is one of those games that can be fun for an hour or two. Paygates, too many locked characters, and other issues really hurt this franchise. I still found glitches while playing WWE 2K20 on the Xbox One. - Paul

SCORE: 52

I expected Rollercoaster Tycoon Joyride to be absolutely horrible. I expected Rollercoaster Tycoon Joyride to make me sick. I am happy to report Rollercoaster Tycoon Joyride did not disappoint me. The way my head felt for hours after playing Rollercoaster Tycoon Joyride was not pleasant. You can avoid this game and save yourself some money. The virtual reality aspect of Rollercoaster Tycoon Joyride is pretty cool. Until you think about standing or sitting and flying through loops, down hills, and going through major turns at a fast speed. When we ride the tracks we can also shoot objects and col-

lect a score. I have no idea why we do that though. I guess the creators of this game thought we would get bored looking at the landscape.

There are two landscapes in Rollercoaster Tycoon Joyride - Canyon and City. The modes in Rollercoaster Tycoon Joyride are Single Player, Party Mode, Leaderboards, Target Gallery, Options, and Credits. Under single player we have Missions, Sandbox, Easy Riders, Headspinners and Blueprints.

pick up, and we can make tracks quickly. The downside to that is Rollercoaster Tycoon Joyride does not have a lot of depth to it. The loading screens take quite awhile in Rollercoaster Tycoon Joyride.

I wanted to like Rollercoaster Tycoon Joyride so badly. I expected Rollercoaster Tycoon Joyride would generate sickness. I was right on target with that expectation. Rollercoaster Tycoon Joyride is way too short in my professional opinion. I value Rollercoaster Tycoon Joyride at five dollars brand new. Expect major problems when riding the rollercoasters in VR. - Paul

Do you know how many times I wish I had more time to get more done? I literally despise sleeping some days because I want to do so much more. I played through Rabbids Go Home for our Youtube channel some time back. I am finally getting to this game for a review. Every time I turn around someone else wants something else from me. I have to say no to get as much done as I currently do. I wish I could have gotten to this game sooner.

would have left that out personally. They don't consult me on these games though. Maybe they should. Two family members can play levels together in Rabbids Go Home.

The controls are generally good in Rabbids Go Home. At times they can be a bit on the loose side. Certain areas require specific actions to progress. I also found myself stuck here and there in Rabbids Go Home not sure where to go next. Game levels range in length in Rabbids Go Home. Some are much easier than others. At times we have to go really fast to progress.

The issues families will have with Rabbids Go Home is violence, lack of attire, bad language, enticement to lust, off color humor, and more. I lose track of all of the dance games I play over the years. Abba You Can Dance was another one in a long line of dance video games. I probably own the world record on dancing the most dance videos on Youtube. Abba You Can Dance is another dance game from Ubisoft. They had a good thing with Just Dance and expanded it to all kinds of different kinds of dance games.

Do you like the music of Abba? If you do then you might really like Abba You Can Dance on the Wii. I enjoyed aspects of this exercise video game. I did not remember all of these Abba songs. I actually like the 70s sound of Abba. Sadly there are issues with

Abba You Can Dance as well.

The issues families can have with Abba You Can Dance is lack of attire, enticement to lust, bad language, and more. Certain songs like: "When I kissed the teacher" would be very problematic today. The controls in Abba You Can Dance annoyed me for not recognizing moves. That is the Wii Remote for you. Nowhere near as accurate as the Kinect sensor. This video game is also light on the amount of songs to dance.

each other with the moves. Abba You Can Dance will give you some exercise. This is something I appreciate in a video game. Families should be able to find Abba You Can Dance at a pretty low cost in this current day and age.

I liked how some of the songs had the real band in video format in the background. I had fun playing Abba You Can Dance on the Wii. I expected this dance video game to be much worse. If Ubisoft ever tries specific band based dance video games I hope they do one for Weird Al Yankovic. That would be spectacular. I know I have said that before.

The 100 Season Two

SCORE: 53

I finally got around to watching Agents of S.H.I.E.L.D. Season Four on DVD. I am thankful I received this season as a gift. The humor of Agents of S.H.I.E.L.D. continues in Season Four. Agent Coulson gets to give great comments throughout Agents of S.H.I.E.L.D. Season Four. His sarcasm mixed with optimism works beautifully in this science fiction television show. I am also thankful Agents of S.H.I.E.L.D. Season Four is available in the physical copy format.

This show is split into two different main storylines. First off we have the entire Ghost Rider storyline with a car instead of a bike. Then we get into evil android robots that allow for a very interesting What If? Scenario. There are certain plot points that make little to no sense to me. How could Aida kill her creator like that? How could entrances to the Framework be allowed but

The big change and shock in Agents of S.H.I.E.L.D. Season Four is Ghost Rider. Agents of S.H.I.E.L.D. Season Four shows its racism with Ghost Rider sadly. Additional bad content within Agents of S.H.I.E.L.D. Season Four is bad language, violence, blood, gore, ghosts, demons, devils, attacks on Christians, attacks on traditional marriage and more. It takes 938 minutes to watch Agents of S.H.I.E.L.D. Season Four.

not exit the same way? Too many things did not really add up for me.

There are plenty of entertaining moments found within Agents of S.H.I.E.L.D. Season Four. The ending of this season leaves a major shock that will make viewers want to watch the next season. The entire robot thread of Agents of S.H.I.E.L.D. Season Four is not completed though either. There are plenty of threads left open and available. I will get to the next season when I have some time.

I feel like Agents of S.H.I.E.L.D. Season Four took a major step backwards in terms of the show. All of the Ghost Rider stuff was definitely getting deep into the occult and religious content that directly assaults the beliefs of the super majority of Christians. It is also a really weird turn for this show. The whole evil book that could not be found being all over the place in Agents of S.H.I.E.L.D. Season Four was strange. - Paul

I found The 100 Season One interesting and was curious where the show would go. A couple of people told me The 100 falls apart around the end of the second season. Part of the problem The 100 Season Two has is they kill off too many good characters. I start to like someone and they gone. It makes it more difficult to get invested in any of the characters knowing they could die at any point. Certain major characters that should die continue on in The 100 Season Two.
