Editor's Desk

Service and Respect

I do not like kudos or recognition. It has always made me uncomfortable when others want to heap on praise for things I have done or accomplished. I did what I was asked to do. I followed the path God laid out before me. I do not see that as something special most days. Serving by giving a Biblical opinion on the lessons being taught by entertainment is what God called me to do. Who am I to be rebellious? Who am I to ignore what I was told to do by one way greater than all of us? So I faithfully obey and follow. There are days I am tired and would love to be selfish like so many other people I see. There are days I am tempted to do whatever I want to do. There are days it drains on me that my fine example of service is not picked up by others. Especially if it is a day that I need some assistance to get everything done. It can be draining to hear and see others relax and do what they want while I never get that opportunity. At times I have felt like I will burn out. Yet I march on. God will judge all of us for the choices we make. I cannot force others to do the right thing. I cannot force others to emulate my example of service and servanthood. I can only encourage them to do the right thing starting today. If they don't then that is between them and God. I tried, and did the best I could.

Our world has a real respect problem and issue. There are too many people being too disrespectful of others. I see it whenever I go out in the public. It might be a basketball game where some fan screams obscenities at those on the court. Or maybe they are mean, hateful, and nasty to the police when they are pulled over. Whatever happened to being decent to one another? I certainly see it in the political realm constantly. It find it funny when someone is mean, and hateful and then wants everyone else to be nice to them. You started it. When will you take the first step and be nice to others first? I am constantly being nice to others even when I want to throttle them for being so mean, nasty, and hateful. I have bitten my tongue so many times in my life that it is crazy. I do so for the common good. Here is another example where I am giving a shining example of proper behavior and these nasty people are not learning. Are they capable of learning? To be completely fair there are others I have met who do the same thing. I have had conversations with a diverse group of people that treat others with respect and are appalled at those who do not. To those being hateful and nasty - do you think this is making you look better? What happens when God judges you for your behavior? Do you think your words, acts, and deeds will go over well on Judgment Day? Why can't you be better? Why can't you do better? Are we really asking too much from you? You can't be nice and

real?

Recently someone in PR and Marketing was rude and hateful to us violating one of our policies on the Legal page. We notified them of the infraction and the fine for doing so. Then a week or two later they did the same thing. The second time I sent them a bill for their bad behavior. I doubt they will ever pay. I hope they learn to start to respect us and our system. Ultimately they did not get their way. They did not get what they wanted. Their product was not covered because they were so disrespectful. I hope this person and this agency is capable of learning from their mistakes. I doubt they are though based on past experiences.

God bless,
Paul Bury

FEMALE SIDE

Ever asked why?

Have you ever noticed the stories the Democrat run media runs? Have you ever asked why did they run with this story and not run with this other story? Case in point as I write this the body cam footage of the attack on Paul Pelosi was released. NBC News punished a reporter for a story that was published. NBC pulled the story and deleted it from their website and social media channels. We now find out that what was reported was accurate and true. NBC had no problem smearing Nicholas Sandmann. How did those lies meet their standards? CNN has been caught with their pants down many times. Gaming media outlets like Kotaku have been involved in scandals as well. The question is why? Why do they run with certain stories and ignore other stories? What is their end game? What are they trying to do?

If you ask some people they would tell you that the end goal is to brainwash you the viewer into their radical far left agenda. How does having no police on the street keep them safe? Are they that naive? Do they think crime would never touch them? Or do they hate their lives so much they do not care if they get murdered on the streets of dangerous cities like LA, New York, Atlanta, Memphis, and more? They obviously have no value for our lives with many of the stories they run and how they try and influence things like elections. They could care less if the middle class become poor. Maybe they think they can keep their wealth and nothing will ever happen to them. Many of them do have private security that are paid to protect them. Would they actually protect them when the time came? I could see a security guard be like: "you made this bed, sleep in it."

I do not know the answer to that question. I suspect that there are different answers for different people. There are some that are most likely true believers in the radical far left agenda. That is why they run with some stories and never bother to do any investigative journalism on other stories. There are those like Dan Rather that want something to be true so badly that they will fake and forge things. They do not care how far over the line they go. They will force something to happen even if it is lies. No wonder they were called fake news. There are still others that are naive. They were brain washed into this ideology and they have never once tried to think for themselves. They never tried to challenge professors, and people in the profession for a long time. They have the radical far left belief system and they are not interested in any kind of diversity of thought. They do not spend time thinking about

things or questioning them. There are others that are completely naive. They think this is good and what needs to happen. They are similar to those brain-washed and most likely are themselves. There are still others that have insidious designs on society and will do whatever they must to get the rebellion against God enforced into society.

Some of those people can be helped, and some are just plain evil. Have you ever taken the time to ask why they are doing what they are doing? Do you ever take time to think about these things? Are you ever challenged by listening to others that think differently from you? Do you ever ask if what is being said and done aligns with the system God put in place for human beings?

God bless,
Yolanda Bury

Mission Statement

Family Friendly Gaming (FFG) was created in March of the year of our Lord 2005 as the first ever Christian video game magazine. The goal of Family Friendly Gaming is to report on video games from the family view point. Family Friendly Gaming takes a fair and balanced approach to all news, previews, reviews, interviews, features, and other articles found within. The secular video game media reports mainly on the most morally bankrupt games and call those games good. The major secular media reports on the bad side of video games mainly. Most other Christian media outlets claim video games turn the player into a zombie, or they completely worship video games. Family Friendly Gaming reports the good, and bad side effects to video games. It is the belief of the owners that readers are smart enough to come to their conclusions without those in the media handing opinions to them. Those of us at Family Friendly Gaming believe by giving you the facts, you can decide for yourself. There are plenty of really good video games on the market that teach wonderful lessons. Both inside the Christian video game market, and from non-Christian video game developers. Family Friendly Gaming seeks out these video games to bring them to your attention. Since it is unknown before playing a game how family friendly it is; it is possible that this magazine will preview a game, and then the review will expose problems previously unknown. Family Friendly Gaming promises to always ask the question: "how God feels about certain video games." God's opinion on the matter is more important than any mere mortal. Which is why the rest of the industry does not influence FFG.

SOUND OFF

The Sound Off section is where you the reader/ emailer is heard. What you have to say is put in this section for all the readers to see. Of course certain content is edited for appropriateness issues. This is a family friendly magazine, and certain content is just not proper. We hope you enjoy this section as much as we do. Keep an eye out for your comments appearing in these very pages. You have our attention, so **SOUND OFF!**

Sonic the Hedgehog Comics

Did you know IDW Sonic has two characters who are confirmed to be in a same-gender relationship?

- Lisa

{Paul}: Lisa,

Thank you for contacting us. No we were not aware. We recently started getting into comic books and it looks like Sonic The Hedgehog #48 - an issue we missed is where that character was recently shown. We have that issue on our list to try and purchase and review when we get the funds and time to do. We have long stood up for obedience to God and call out these companies when they promote open rebellion

against God. Once we get our hands on a copy of this issue we will review it according.

Thank you so much for bringing this to our attention. We have run across plenty of other comic books promoting rebellion against God and have called them out.

Woke Green madness

Thank you for your review of X-Men Unlimited X-Men Green #1. It is so nice to finally see an entertainment review site that reflects the morals, ethics, and integrity of the majority of Americans. I am so sick of all of this woke green madness that is going around and infecting weak minds worse than the Chinese COVID virus. I saw X-Men Unlimited X-Men Green #1 at my local comic book store and wondered

about it. Thanks to your review I now know that I do not need to ever read that comic book or the second one. I was curious because it has sat at my local comic book store for a few months now. I guess that should be my clue that it is no good. The longer it sits the worse it must be. Are you planning on reviewing X-Men Unlimited X-Men Green #2?

- Bart

{Paul}: Bart,

That is a pretty good point about a comic book sitting there for some time. I ran into the same issue with Starcadia and definitely X-Men Unlimited X-Men Green #1. To answer your question yes I do plan on reviewing X-Men Unlimited X-Men Green #2. In fact I have read it, and the review has gone to proofing. There is a big pile of reviews awaiting release so it might release before this issue is published and it might be soon after. Comic books have been easy to read and review. The problem is we then stockpile these reviews and can only release so many every week.

SOUND OFF Continued

Thank you for your kind words about Family Friendly Gaming. We have long said that we bring diversity to this industry since most of the whack jobs in this profession are radicals on the far left that spew things like celebrating diversity while they attack anyone with a diverse viewpoint. We just state facts, and contemplate how this entertainment aligns with what God tells us to do.

Family Friendly Gaming Devotional March

Thank you for releasing Family Friendly Gaming Devotional March. Is there a way to get a signed copy of the book? I love your books and have all of them. It is a great way I can get something very important and help our your wonderful ministry that is making the entire world a better place to live in. Keep up the amazing work. You are truly gifted and doing God's work. Don't listen to any of the haters.

- Bobby

{Paul}: Bobby,

Thank you so much for your words of encouragement. It is so nice to know we are reaching so many wonderful people out there. We plan on adding Family Friendly Gaming Devotional March to our store page on the Family Friendly Gaming

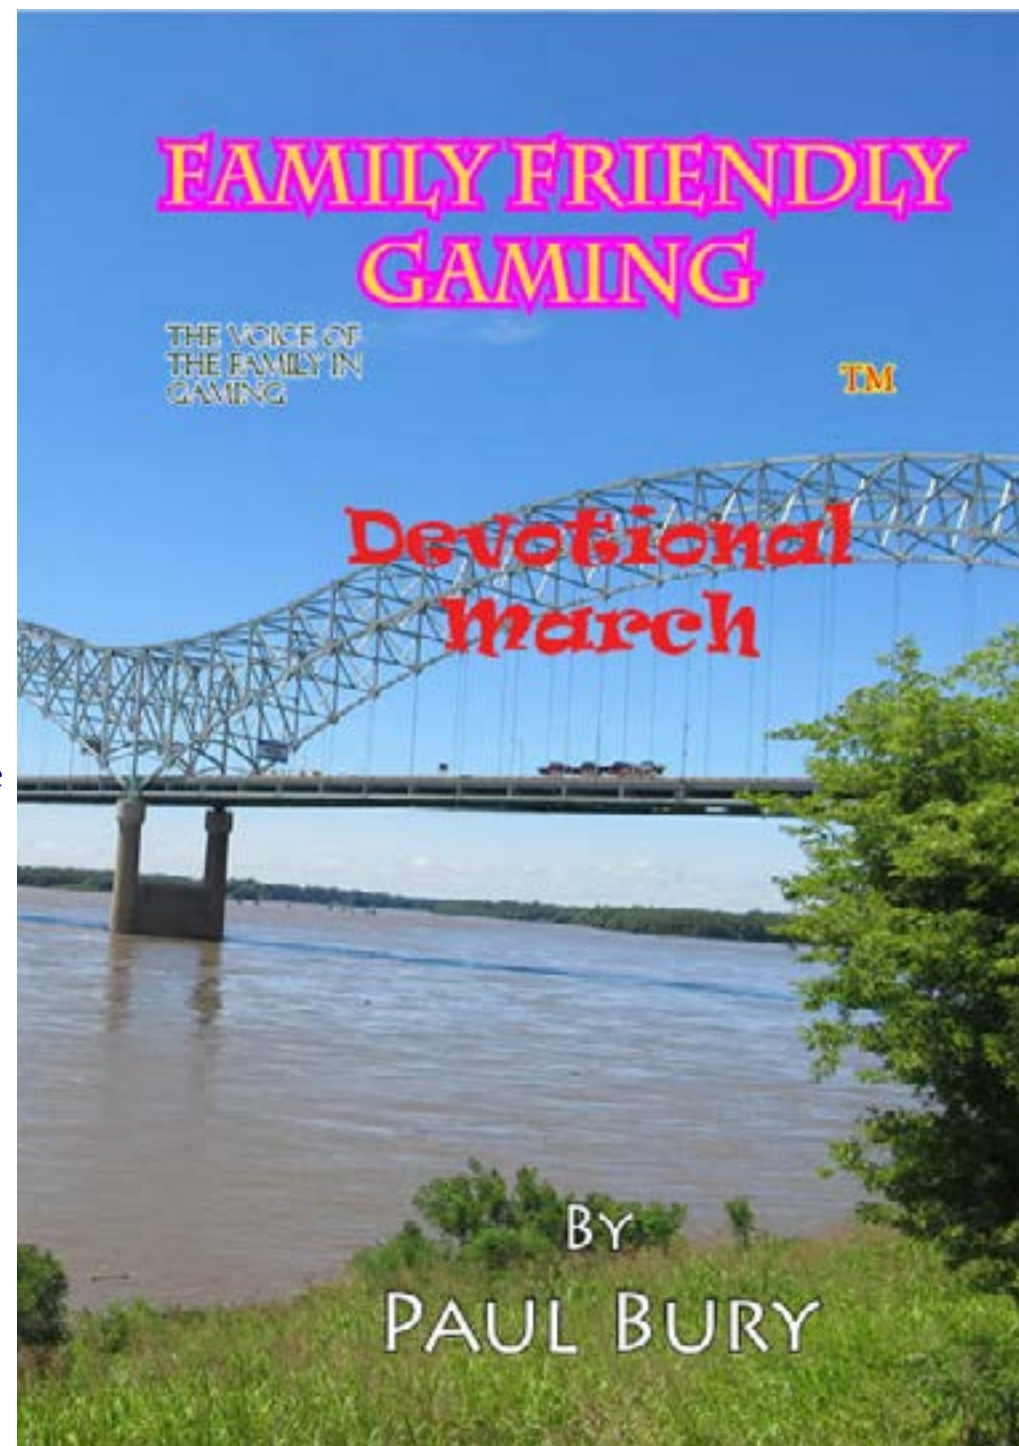

web-site.

<https://www.familyfriendlygaming.com/Storefront.html>

Anyone interested in a copy of this book on the Kindle can easily go to:

[HERE](#)

Physical copies can also be purchased on the Amazon store. We only have so much money and space to house copies of the books. We really need more people like you - those loving and caring that want to support us in a way that allows us to continue to exist in the future. We are very appreciative of your business. We are exploring more ways to sell copies of the books like GAB, and GAB Pay for example. It comes down to time and financial resources. Please do not ask me when the next book is planned for release.

Look BACK Family Games

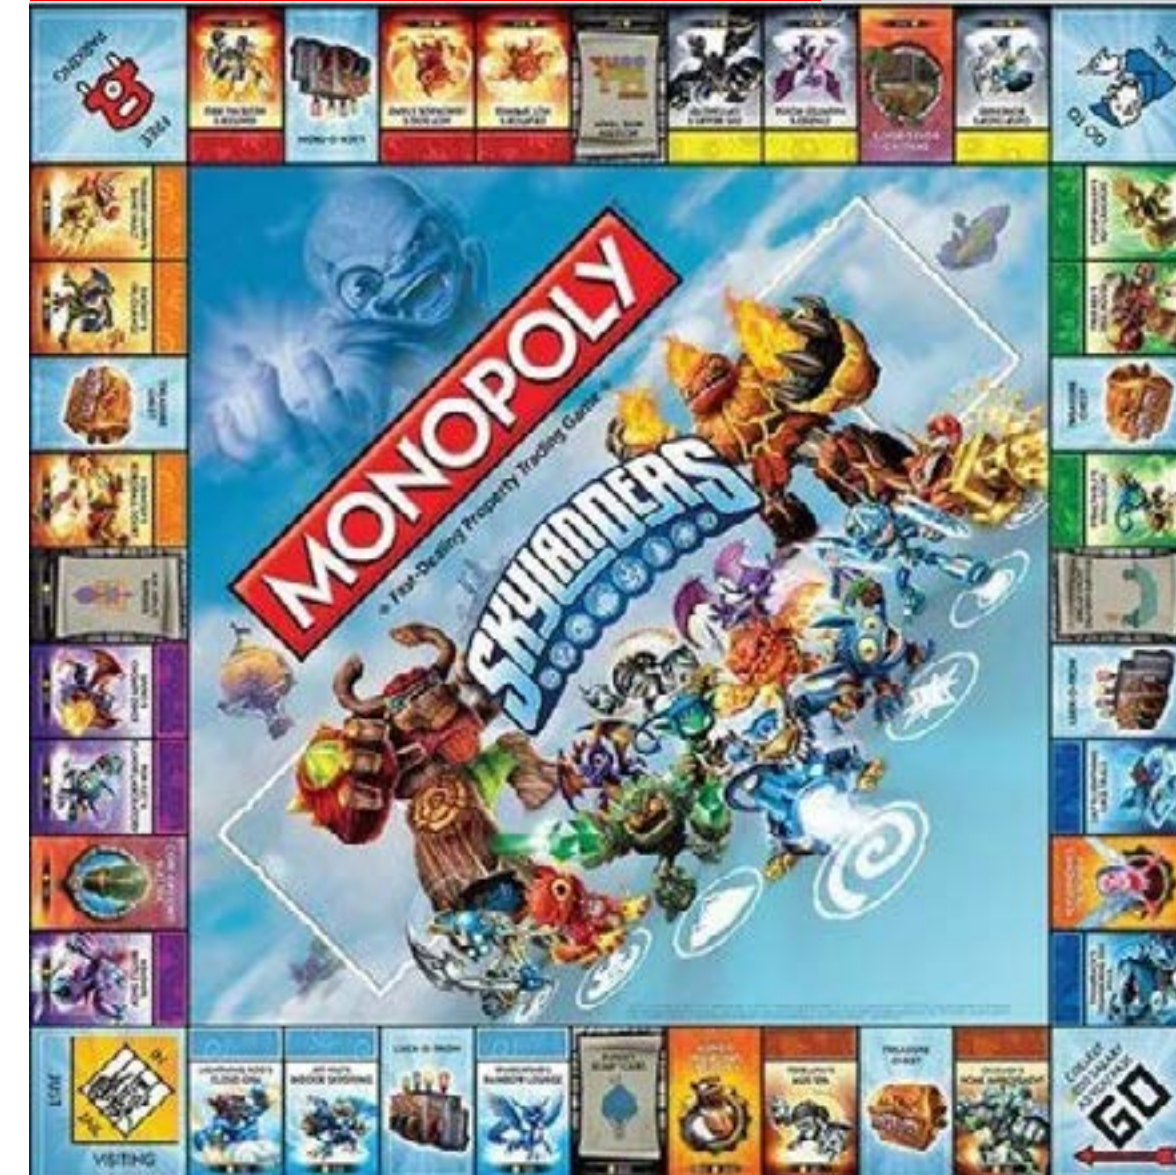

There has been a lot of history made here at Family Friendly Gaming. Let us take a look at some of the historic front covers to a few of the issues in our long and storied history.

Skylanders Monopoly

In the Skylanders edition of MONOPOLY you can now buy, sell and trade 22 newly discovered locations in Skylands! You can be a chompy, a sheep or even Kaos as you take a ride on Flynn's Blimp Tours or The Molekin Mine Train. Work your way around the board as you battle over Thumpback's Thundering Tide Pool, Chop Chop's Boneyard or Hot Dog's Lemonade Stand on your quest to own it all!

In this Skylanders Swap Force edition of Monopoly, you can now buy, sell and trade 22 newly discovered locations in the Skylands! 6 exclusive tokens - Kaos, Swords, Can-

non, Sheep, Pirate Ship and Chompy. It is the perfect game for any Skylanders fan. Fun for children and adults alike. Suitable for everyone over the age of 8.

Journey across the Skylands and buy and sell locations with the Skylanders and the all new Swap Force characters. Will you opt for Wash Buckler's Ship Swabbing or Star

Strike's Observatory. Play with 6 exclusive tokens, and try your luck with the Luck-O-Tron cards!

Please note Skylanders Monopoly and Skylanders Swap Force Monopoly are two separate board games that families can enjoy together.

DEVOTIONAL

High Priest

The more I learn about Jesus Christ the more I admire what He has done for us. I become more thankful on a daily basis for the sacrifices he went through for all of us that accept them. **Hebrews 2:14-18** *Since the children have flesh and blood, he too shared in their humanity so that by his death he might break the power of him who holds the power of death—that is, the devil— 15 and free those who all their lives were held in slavery by their fear of death. 16 For surely it is not angels he helps, but Abraham’s descendants. 17 For this reason he had to be made like them, fully human in every way, in order that he might become a merciful and faithful high priest in service to God, and that he might make atonement for the sins of the people. 18 Because he himself suffered when he was tempted, he is able to help those who are being tempted.* Jesus Christ humbled himself to become like us. He knows the issues, problems, pains, sufferings, and discriminations we face. He has been there done that, and has a cross and an empty tomb to show for it. Jesus atoned for our sins. It sure makes

me want to sin less.

Have you ever wondered where Moses fits in terms of placement compared to Jesus Christ? There are some that put Moses up on a pedestal. **Hebrews 3:1-6** *Therefore, holy brothers and sisters, who share in the heavenly calling, fix your thoughts on Jesus, whom we acknowledge as our apostle and high priest. 2 He was faithful to the one who appointed him, just as Moses was faithful in all God’s house. 3 Jesus has been found worthy of greater honor than Moses, just as the builder of a house has greater honor than the house itself. 4 For every house is built by someone, but God is the builder of everything. 5 “Moses was faithful as a servant in all God’s house,” bearing witness to what would be spoken by God in the future. 6 But Christ is faithful as the Son over God’s house. And we are his house, if indeed we hold firmly to our confidence and the hope in which we glory.* Moses had a very important role when he was a faithful servant in God’s House. Jesus is the son of God so his role is higher than Moses. In modern terms Jesus Christ > Moses. Those of us that have Jesus in our hearts completely

understand this.

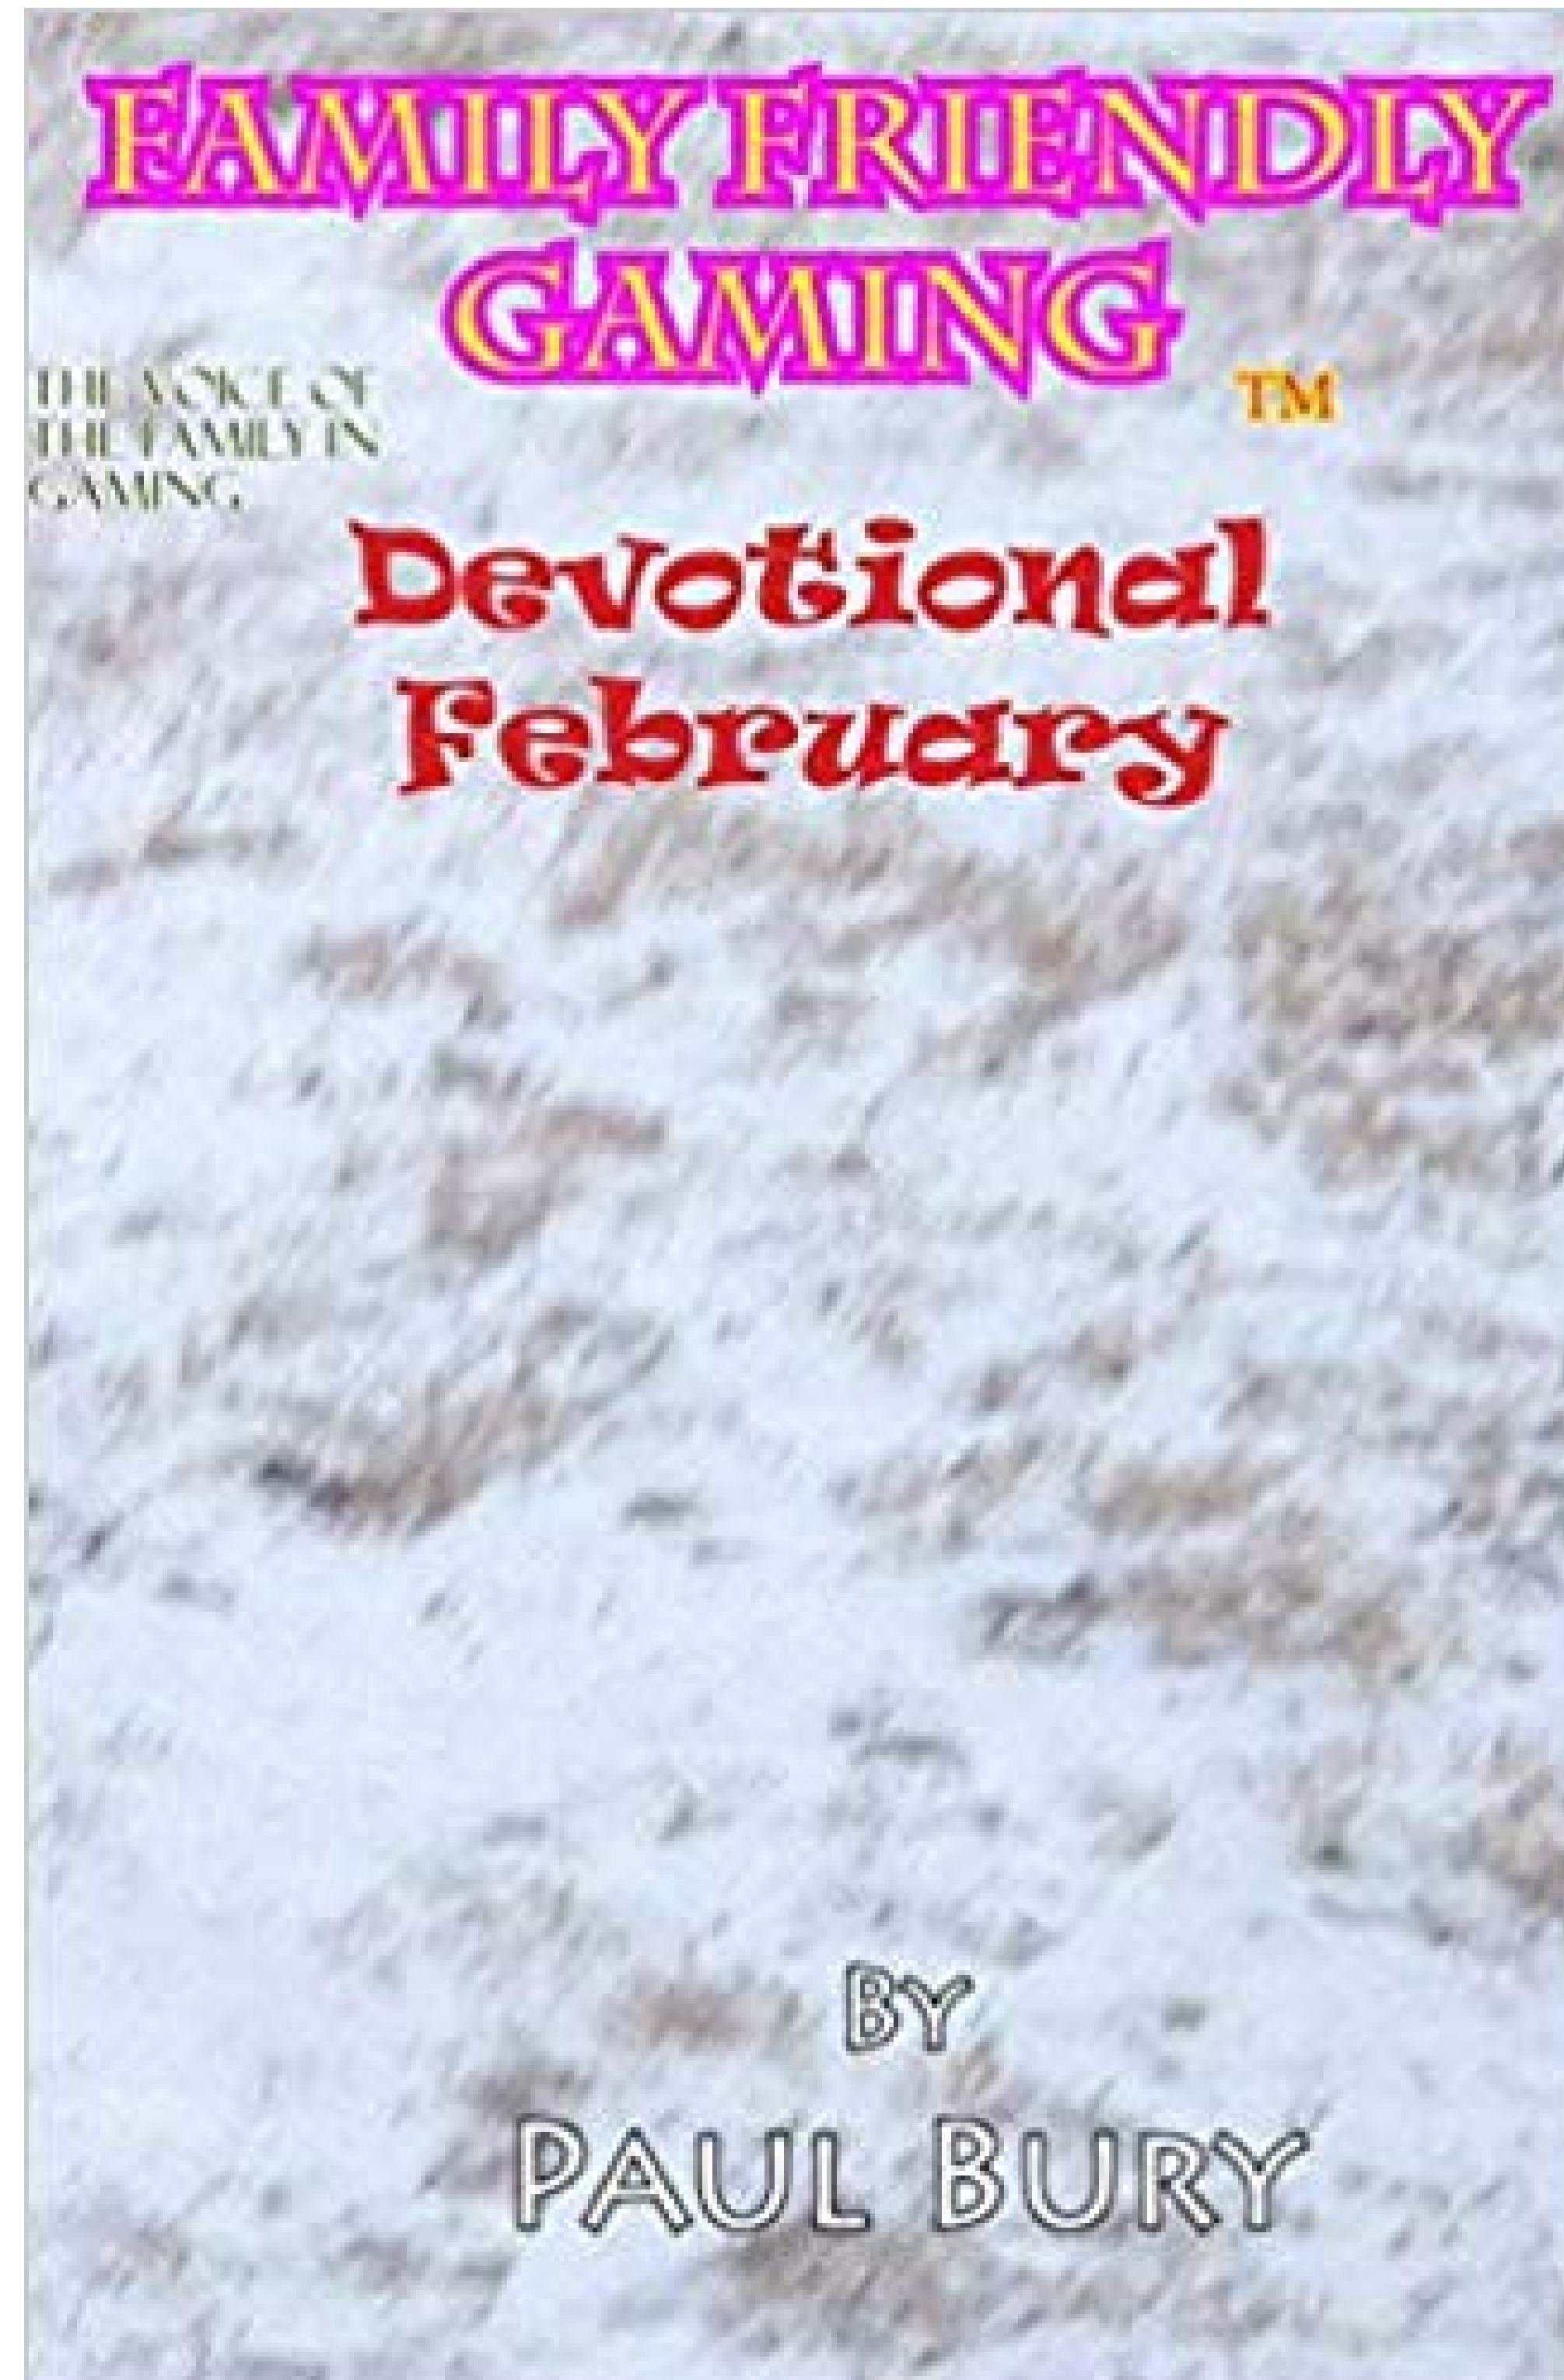

Jesus gave us the example of how to live. **Hebrews 4:14-15** *Therefore, since we have a great high priest who has ascended into heaven, Jesus the Son of God, let us hold firmly to the faith we profess. 15 For we do not have a high priest who is unable to empathize with our weaknesses, but we have one who has been tempted in every way, just as we are—yet he did not sin.* We can go through long periods in our life of not sinning as well. It is possible.

God Bless,
Paul Bury

PRAYER

Jesus,

I know that I am a sinner and need Your forgiveness. Nothing I can do of my own power will give me true joy. I believe that You died for my sins. I want to turn from my enslavement to sins, and repent of them. I now invite You to come into my heart and life. I want to trust and follow You as my personal Lord and Savior. I welcome the transforming power of the Holy Spirit. Amen.

Yu-Gi-Oh! DUEL LINKS 6th Anniversary Celebration

Konami Digital Entertainment, Inc. (KONAMI) is celebrating six years of Yu-Gi-Oh! DUEL LINKS with the 6th Anniversary Celebration Campaign, which begins today. There are loads of special log-in bonuses for Duelists to acquire right now, including a Legend Foil Rarity of the fan-favorite Mirror Force card.

KONAMI will issue all Duelists who log in to Yu-Gi-Oh! DUEL LINKS the iconic Trap Card, Mirror Force, which now features a new activation animation to commemorate six amazing years of the hit digital card game. When an opponent's monster declares an attack, Mirror Force lets you respond by destroying all Attack Position monsters on opponent's field, making it a very powerful inclusion in any Deck.

In addition to Mirror Force, Duelists can receive the following for free during the 6th Anniversary Celebra-

A total of 20 Packs - 10 Packs each from the 43rd Mini BOX and 44th Main BOX

1 UR Dream Ticket (Glossy), 1 SR Dream Ticket (Glossy), 3 UR Tickets (Prismatic, Glossy, Normal) and 3 SR Tickets (Prismatic, Glossy, Normal) all handed out across 8 days

1,000 bonus Gems

A Skill Ticket

A Character Unlock Ticket

6th Anniversary Game Mat and Card Sleeves

Yu-Gi-Oh! DUEL LINKS has now achieved 150 million downloads worldwide. Duelists across the world have collected more than 77.7 billion cards and have done battle in 6 billion Duels.

Aurora's Journey and the Pitiful Lackey now available

Aurora's Journey and the Pitiful Lackey, is a side-scrolling adventure with mini-games and run&gun mechanics game developed by The Not So Great Team with the PlayStation Talents Games Camp support, which is available from today for PS4, PS5 and Steam, in the following editions:

Standard Edition at \$14,95 on PS5, PS4 and Steam.

Lackey Edition at \$19,95 on PS5 and PS4 which includes the base game + OST + 4 avatars, and Steam, which includes the base game + OST.

This adventure invites you to step into the shoes of the young astronomer Aurora and her comical Lackey, solve puzzles and engage in action scenes to find Aurora's missing father. Along the way, the characters will unveil the secrets of Eureka and will try out Professor Rachmaninoff's inventions.

This is a title full of drama, humor and Run & Gun mechanics. In which you have to talk to characters to progress through the story, earn money by participating in different mini-games and upgrade your equipment, dealing with hundreds of enemies to discover the fate of Aurora's father and unravel the mystery of the Eureka ship.

The lackey will be your follower, Aurora's loyal sidekick and friend, whom you will be able to throw against enemies and even use as a key item to solve puzzles. But be careful with its dignity, if it gets too low it may not obey you and you'll have to wait for the lackey to settle down!

Featured content:

Now available for PC on Steam, and for PS4 and PS5 on PlayStation Store.

Aurora's Journey and the Pitiful Lackey has two digital editions: Standard and Lackey.

Travel through a world full of colorful settings and characters.

Interact with the characters to discover the whole story of Aurora.

Complete fun mini-games to save money and upgrade your weapons.

eFootball 2023 Launches Back to the Clubs

Konami Digital Entertainment, Inc. – announced the launch of the new season: "Back to the Clubs". Fierce competition amongst teams at the international stage has come to an end, and the battle for glory returns to club level.

In eFootball™ 2023, users can experience the excitement of a variety of international leagues through various events in "Dream Team". Players who were active in the first half of the season and players representing their clubs will appear one after another during the period in the "Dream Team" mode.

Also, a European league-themed Challenge Tour event will be held, where users will be able to earn stellar rewards by clearing the event's conditions. The "eFootball™ Championship Open 2023," an official e-sports tournament that all users can participate in is scheduled to begin on 30th January to coincide with the excitement of real-world football as we enter the second half of the domestic seasons.

Rivalries heat up with

Rivalries heat up with

the new Derby Days in eFootball™ 2023!

Active players from each European league will appear in-game:

Epic: Manchester United: Don't miss the opportunity to get one of the world's leading strikers appeared as "Big Time." More players from each domestic league will appear as "Epic" through this season!

Back to the clubs – Players who were active throughout the European leagues in the first half of the season will be featured.

Club Icons – Players representing their clubs will be highlighted.

Club Selection: Tottenham WB – Players from major European Clubs will be featured. *Players from each club will continue to appear over the next six weeks.

Derby day – Milano: Players from the Derby Match target clubs will be featured.

Let's power up your "Dream Team"! Enjoy challenges and tour events themed around European leagues:

Challenge event – European Club Championship

Tour event – English League

The Lunar New Year campaign includes a Special Login Bonus as the new season goes live!

Don't miss out on the eFootball™ Championship 2023 starting at the end of January:

eFootball™ Championship Open 2023 – Anyone who has created a "Dream Team" can participate in-game.

World finals will be held as offline for the first time in 3 years.

World Finals will be streamed to all over the world.

World Finals will be held not only on console section but also on mobile section too.

From Online Finals - Professional players will be joined by those who participate to eFootball™ Championship Pro 2023.

Pillazon Releases

Pillazon is a company management simulation game. Your job is to be a CEO who is eager to grow your small company. With a small investment, you'll build a great website to compete with other players in hopes of building the most valuable drug empire in history.

Website Management

Your success depends on your website. So, ensure you have enough servers and max your features' levels as soon as possible.

Employee Management

Your employees are the key part of your success. As you grow, you need to keep hiring more people. Your employees may lose morale over time, make the necessary expenses to prevent this, and make bonus payments to them if necessary.

Office Management

You have to rent more offices in order to hire more employees. There are many different kinds of office space, choose what you need. Decorate and make the necessary expenses to increase your employees' morale.

Server Management

You have to rent the most effective servers to run smoothly your website, otherwise, you will start losing users. Be aware of overload on servers to prevent this.

Risk & Finance Management

Sell or buy bitcoins at real-life prices to manage your finance. Make investments to clean your money otherwise, police will arrest your employees and close your properties. Be careful, other players can do research and find your investments to sabotage them with help of the mob. Level up your investments as much as possible to prevent them from being sabotaged.

Rank Management | Zone fights

Capture zones as much as possible, more zone means more rank up. Ranks will get you different benefits such as;

- o More office capacity
- o Speed buff for Employee Point Producing

PvP
Do DDoS attacks with your Attack(Hack) points, and defend your website with Defence points. Do Research about of target player's investments to sabotage it with the mob.

- o DDoS attacks
- o Sabotage investments
- o Zone fights

Zone Capturing

The first order of transportation to a zone will start a battle for that zone. The battle will conclude after 24 hours. Meanwhile, players are able to send more troops. At the end of the battle time, the player who has more troops in the zone captures the zone.

First Contact Story Pack for Stellaris

Paradox Interactive, a developer and publisher who may or may not have an invisible battleship, announced First Contact, a new Story Pack coming soon to sci-fi strategy game Stellaris. In First Contact, players will discover an expanded array of events and mechanics for meeting pre-FTL civilizations, as well as new origins focused on being met by post-FTL civilizations. In addition, cloaking technology will appear for the first time in Stellaris, allowing players to hide their ships and posts from their neighbors, and allowing players to worry about what their neighbors may, in turn, be hiding from them.

First Contact Trailer

You are not alone! The galaxy is vast and full of wonders, but it's also full of alien empires you're going to encounter, whether you're ready or not. First Contact offers a set of new origins and mechanics that give players the chance to tell stories about their civilizations' early encounters with visitors from the stars -- ones that may not have come in peace!

Features of First Contact include*:

New Origins:

Broken Shackles: You didn't take to the stars; you were taken to the stars as an alien captive! Now, you and your fellow prisoners have overtaken the ship and found yourselves banding together to survive and thrive as a diverse new community. Can you rise to greatness from this humble origin... and will your former captors take notice?

Payback: No one would have believed your world was being watched keenly by intelligences greater than your own - until they invaded. But you did not go quietly into the night! Your civilization has repelled a would-be conqueror from space, and with sudden access to their advanced technology, you're about to discover just what else is out there beyond the stars!

Fear of the Dark: As you've explored your home system, you've always suspected you weren't alone in

the galaxy... especially when one of your planets suddenly suffered an "incident" a while back. A very large faction of your own people have long advocated against tempting fate out in the dark abyss of the unknown. What path will you choose as you find yourself needing room to grow?

New Pre-FTL Interaction Options: What will your role be when the next member of the galactic community tells their origin story? New mechanics allow for a broader range of interactions with pre-FTL civilizations, depending on their level of technology and their awareness of your presence. Will your arrival be celebrated, or met with violent panic?

Cloaking Technology: Nobody saw this feature coming! Equip your ships with cloaking devices to survey in secret or catch a foe unaware; keep subtle tabs on your pre-FTL neighbors with cloaked observation posts.

Just be sure your own scanners and intel are strong... you never know which of your neighbors might be lurking in the shadows!

First Contact will launch alongside the free 3.7 'Canis Minor' update from the Stellaris custodians team, including various improvements and additions for all players.

*Some features may require content sold separately.

Tortuga A Pirate's Tale Releases

Tortuga – A Pirate's Tale, the pirate strategy game published by Kalypso Media and developed in-house by Gaming Minds Studios, has launched. Rally your crew and prepare to set sail because the brand-new title is now available digitally on PC exclusively at the Epic Games Store, and on PlayStation 4|5, Xbox One and Xbox Series X|S consoles. Are ye brave enough? It's time to see if ye truly have what it takes to become the greatest pirate in the Caribbean!

It's a wide world out there and in Tortuga – A Pirate's Tale there is much to be explored. Set your sights on gold and glory as you weigh anchor and set sail on the beautiful Caribbean Sea. Choose from 18 unique ship types and customize distinct features to ensure your formidable fleet is feared from afar. The seas may be vast, but you are never truly alone, and it won't be long before you encounter enemies on your path to eternal glory. Sink ships and build your stash of stolen booty as you take on trading convoys in tactical turn-based naval battles and parley with infamous pirate legends. With the sea on your side and enough gold, you should surely be able to keep your crew happy. But be warned! Even an invincible fleet might

not be enough to withstand the whispers of mutiny from the decks below.

Destiny awaits me hearties! Climb aboard the ship and set sail in Tortuga – A Pirate's Tale, out now on PC exclusively at the Epic Games Store and on PlayStation 4|5, Xbox One and Xbox Series X|S consoles.

Features:

BECOME THE PIRATE OF ALL PIRATES: You are not born a great pirate, but we give you the tools to make you THE great pirate. Customise your own flag under which your fleet will sail. As you gain experience, your notoriety and skills will improve. Roleplay with more than 35 distinct pirate's skills on your way to claim your pirate throne.

RAID AND VOYAGE THE CARIBBEAN SEA: The Caribbean of the 17th century is dominated by the four colonial powers of the Old World. Being a pirate is not your fault, but it is your responsibility! Take action to relieve the Spanish, Dutch, French and English colonies from their burden of drowning in riches. But be wary! Unless you are sure you are the biggest fish in the sea, don't venture out too early or too far from

EA SPORTS PGA TOUR Launch Date

Electronic Arts Inc. announced that EA SPORTS™ PGA TOUR™ will be launching on March 24, 2023 for PlayStation®5, Xbox Series X|S and PC via the EA App, Steam and the Epic Games Store. Pre-orders begin today for EA SPORTS PGA TOUR, the exclusive home of all four majors in men's golf - the Masters Tournament, PGA Championship™, U.S. Open Championship™ and The Open.

In addition, EA SPORTS PGA TOUR will launch with Road to the Masters which brings tradition and unmatched stakes featuring Augusta National, challenges, tournaments and gear tied to the Masters. The Masters made its first-ever virtual appearance with EA SPORTS in 2011, and its return to video games has been highly requested by golf fans. EA SPORTS will also provide more details on additional live service content throughout the 2023 PGA TOUR and LPGA Tour seasons.

“We're bringing the premier PGA TOUR experience to players around the world

with real-world golf data powering incredibly realistic gameplay with every shot, and some of the most iconic courses in the world rendered in painstaking detail,” said Cam Weber, EVP and GM, EA SPORTS. “From The Old Course at St Andrews Links to Pebble Beach Golf Links and more, we're giving players the chance to tee off in bucket list golf experiences like never before in EA SPORTS PGA TOUR.”

Pure Strike gives golf fans all the tools they need to realistically attack every hole on every course the same way the pros do. Featuring ShotLink® powered by CDW and TrackMan, Pure Strike also helps ensure that each professional golfer's unique swing and attributes will be accurately reflected in the game. Pure Strike incorporates the three parts of every golf shot - fluid swing mechanics that are highly accurate to a player's backswing length and speed of follow through, innovative ball behavior allowing every bounce and roll to behave more accurately across a variety of terrain and course conditions, and lifelike course dynamics that play true to their real life course counterparts.

In addition to being the exclusive home of all four men's majors, EA SPORTS PGA

your trusted hometown port.

ENGAGE IN TACTICAL NAVAL BATTLES: A ship is safe in a harbour, but that's not what ships are made for. Fight in tactical turn-based naval battles on a hexagonal grid of epic proportions. Use your wits when raiding a convoy or a settlement. Victory is determined by a clever combination of your ship's distinct armament with the varying and rough conditions of the sea.

UPGRADE YOUR FLEET: It is your job to maintain and upkeep a formidable fleet before facing the cannon hail of those mighty warships lurking in the seas. Combining distinct upgrades of your ship's basic gear, such as weaponry, hull, mast, or figure-head allows for more than 360 unique load-outs.

MEET YOUR CREW'S NEEDS: As an elected captain of the ship, it is your responsibility to split the spoils and riches with your crew. Agreeing on so-called 'articles

of capture' clearly define the objectives you embark on before leaving port. Remember the whispers of mutiny below the decks can lead to nasty outcome. After all, you are an elected captain and not placed by the grace of the Lord.

PARLEY WITH INFAMOUS PIRATE LEGENDS: On your journey to become the most fearsome, most glorious pirate captain, you will have the opportunity to get to know several historic pirates. Choose your foes and companions wisely...

COMMAND HISTORICAL SHIPS: Featuring 18 unique types of ships such as Ship of the Line, Frigate, War Galleon and many more.

DROWN IN QUESTS: Sink more than 25 hours into stories set in the Golden Age of Piracy. The world is your oyster after all. Governors and fellow pirate companion provide you with valuable questlines where a few doubloons can be made. Also don't

forget to seek out the local tavern and eavesdrop on the latest rumours. A bottle of rum loosens the tongue, showing the way to treasures otherwise hidden...

TOUR is filled with experiences and content players have been asking for in a golf game, including:

World Famous Courses -The tee is yours at 30 courses, including some of the world's most prominent venues such as Augusta National Golf Club, Pebble Beach Golf Links, Southern Hills Country Club, The Old Course at St Andrews Links, The Country Club, Kiawah Island Golf Resort's Ocean Course, Torrey Pines, Evian Resort Golf Club in Évian-les-Bains, France, East Lake Golf Club, TPC Southwind, The Los Angeles Country Club, Wilmington Country Club and more. EA SPORTS PGA TOUR will also feature the past major host courses in 2021 and 2022 as well as the new 2023 majors courses releasing post-launch. **Your Career, Your Way** -EA SPORTS PGA TOUR provides players with an RPG-like progression system on the Road to the Masters. As their golf game improves, the closer they'll be to becoming a major champion. Players will be able to create and customize a golfer, develop their skills and master each course to attack every hole like a pro. With 20 shot types available as players progress in the game, they can enhance their skill set for driving, approach, short game, or putting, depending on their style. Players will be able

to compete to become a major champion, and take on the PGA TOUR's best events in the season-long chase for the FedExCup, as well as conquer the top Amateur Championships including the Augusta National Women's Amateur, the U.S. Amateur, and other elite international amateur events.

THE PLAYERS Championship and FedExCup Playoffs -The PLAYERS Championship and all three events of the FedExCup Playoffs will be in the game, and players can earn in-game FedExCup points in Career Mode for the opportunity to compete in the FedExCup Playoffs. As part of the Career mode, top golfers at the end of the year will be given the opportunity to win the FedExCup.

True-to-Life Course Visuals -EA SPORTS PGA TOUR will also present the most realistic visuals in any golf game utilizing EA's Frostbite™ engine. Using state-of-the-art equipment such as drone technology, custom LiDAR flight helicopters and more to develop terrain maps, EA SPORTS PGA TOUR depicts courses exactly as they appear in real life. The photogrammetry and scanners were also applied to create precise renderings of clubhouses, iconic vegetation, bridges, tee markers, rock formations, and other on-course elements offering players life-like visual experiences.

We Would Play That!

REVIEWS

There are all kinds of cool family friendly video game ideas out there. This column features ideas of video games we would play. We hope games like these are created in the near future. Can you make it happen?

Just Dance 2023 was an absolute disaster. This was the first year since the original Just Dance that we were not able to use the Kinect sensor. There needs to be more new games created that use the Kinect sensor. A dance video game would be great, but any kind of new video game that uses the Kinect sensor is requested. It is the hope here at Family Friendly Gaming that these kinds of video games will be made in the near future.

There are all kinds of video game companies making retro video games. There are brand new Atari 2600, Intellivision,

8-bit NES, Super NES, Genesis, Atari Jaguar and more video games being made. There is definite precedent for companies making video games in the not current console generation. The Xbox One is still getting video games made for it. So it is not too much of a stretch for some new Xbox One video games that use the Kinect sensor.

The Kinect sensor was a fantastic video game idea that improved upon the Wii Remote controller concept. A video game device that sees your skeleton and can see your movements while you are playing is an amazing idea that sticks with us today. Why has the video game industry gone backwards in terms of controllers? The Joycons do not always work well with games like Just Dance 2023. At least when we compare them to the Kinect sensor. A phone does even worse on the Xbox Series X and Playstation 5. So

why has the industry released worse quality controlling video games? Are any other gaming media outlets pointing this out?

Were you one of those families that enjoyed playing on the Kinect sensor? Did you enjoy getting up and moving around while playing video games? Could you imagine playing Fall Guys with the Kinect sensor? What kind of stamina would you have to keep from being eliminated in rounds like Jump Club? Video games could be about healthy gamers yet again. According to research there are thirty-five million Kinect sensors that sold. That is a pretty large base for some new Kinect based video games. Companies could reach a lot of families. Would you be willing to play some new Kinect video games? Do you think this is a good idea? Do you think this is a bad idea? Did this column make you think?

Welcome to our reviews section. We have a couple of rules when it comes to our reviews. The reviewer must give an honest accounting as to why he/she liked or disliked something. No fanboy reviews allowed here, or at the very least they are discouraged (after all everyone has their own personal biases, likes, and dislikes). Everyone also has different tolerances, and weaknesses - we strive to keep that in mind in our reviews. We have been burned ourselves by reviews saying a certain game is great, only to be greatly offended by that game. Reviewers must be kind in their reviews. A game may be horrible, but there is no need to degrade the developer, publisher, artists, etc. There is also no need for name calling.

We review video games on five separate criteria: graphics, sound, replay/extras, gameplay, and family friendly factor. Review scale can be found here. The editor in chief coordinates reviews to have as much cohesion as possible. We are very open about the way we review video games. Each section starts with a 75 score, and can earn or lose points based on the content of the game, using our grading scale (found on the website).

Parents, please do not take any of our reviews as gospel. Different people are offended by different things. We work hard here at Family Friendly Gaming to discern the good from the bad in the teachings of each different video game. What may seem harmless to our reviewer(s), could be a big deal to you. We encourage you to spend time with your children and investigate each video game yourself. Each review is written with you in mind, and we try to mention each problem we find. We are not perfect, and miss things from time to time - just as the ESRB does. The ESRB rating is merely a start, and since they ignore many of the moral and spiritual factors important to parents all across America, we do our small part to fill that huge void. We are a small ministry and your prayers are so very important to us.

Questions, suggestions, comments, or got a game you would like for us to review? Then please email us at: Gamereviews@familyfriendlygaming.com.

Matthew 7:9-12

9 "Which of you, if your son asks for bread, will give him a stone?

10 Or if he asks for a fish, will give him a snake?

11 If you, then, though you are evil, know how to give good gifts to your children, how much more will your Father in heaven give good gifts to those who ask him!

12 So in everything, do to others what you would have them do to you, for this sums up the Law and the Prophets.

DC League of Super-Pets The Adventures of Krypto and Ace

SCORE: 70

I am so torn on the video games published by Outright Games. On one side they make games that are generally more family friendly. On the other side these games are short. I beat all fifteen levels of DC League of Super-Pets The Adventures of Krypto and Ace around two and a half hours. I did go and max out the characters and the animal adoption as well. I also played one of the side levels. That is not a lot of time for the cost of this video game.

DC League of Super-Pets The Adventures of Krypto and Ace is a flying shooter. We fly with Krypto or Ace and have another character as a power up in DC League of Super-Pets The Adventures of Krypto and Ace. I found the pig's shield is one of the best power ups in DC League of Super-Pets The Adventures of Krypto and Ace. We shoot the enemies that come after us over and over again in DC League of Super-Pets The Adventures of Krypto and Ace. We earn the other character's upgrade as well as a more powerful attack.

Krypto gets a laser beam that destroys enemies really quickly. Ace targets all on screen enemies and takes them out.

There are some quick time events that can be found in the levels in DC League of Super-Pets The Adventures of Krypto and Ace as well. We earn a little health back after we defeat each of the enemies. The bosses are at the end of the fifth, tenth, and fifteenth levels in DC League of Super-Pets The Adventures of Krypto and Ace. It can be hard

to see where we are pointing when certain power ups are being used in DC League of Super-Pets The Adventures of Krypto and Ace.

The issues families can have with DC League of Super-Pets The Adventures of Krypto and Ace are violence, false gods, and more. The voice acting does not contain all of the people from the movie. Krypto's voice was really disappointing to me personally. I know that guy tried but he was nothing like the star of the movie. I suspect Outright Games did not have enough money to hire Dwayne Johnson. Or maybe the Rock was offended by this short shooter.

I only died once in DC League of Super-Pets The Adventures of Krypto and Ace because I turned away from the screen to deal with chat while I was live streaming. I able to quickly repeat that boss and win the

second time. All in all DC League of Super-Pets The Adventures of Krypto and Ace is a bit below average. No sequels are needed to this game.

Train Sim World 3

SCORE: 81

We got a free copy of Train Sim World 3 thanks to Xbox Game Pass. Train Sim World 3 sat in my queue for some time. In that time frame we also purchased a physical copy of Train Sim World 3 on the Xbox Series X. I took a night off of streaming recently and played Train Sim World 3. Previous games had problems and glitches. I found Train Sim World 3 to be much more stable.

Train Sim World 3 takes players through a good tutorial if you are a new player. There are plenty of good lessons within those tutorials as well. You can leave the tutorials and start to drive trains if you prefer. You will probably make a few mistakes like forget to let passengers on before you leave a station. I realized that a few miles down the track. Oh well, I got all kinds of experience and achievements for how far I went down the track. Pay

attention to speed and incline in Train Sim World 3.

I like the improved controls in Train Sim World 3. It is very easy to increase speed, and decrease speed in Train Sim World 3. It is also pretty simple to get a train going in Train Sim World 3. We now hit a couple of buttons versus having to do all this stuff in first person mode. You can get up out of your seat and walk around if you are bored while driving the train. I learned to pay attention to the speed while I played Train Sim World 3. It can be easy to get going too fast down those declines. I also lost speed on the inclines.

Train Sim World 3 looks nice and it sounds good too. We can play Time Table, Scenarios, and Training Modules in Train Sim World 3. There are

also additional routes that can be purchased. I like some of the trains and routes included in Train Sim World 3. I found this game to be very educational.

The HUD Overlay is very handy in keeping track of the speed in relation to the speed limit. When I started Train Sim World 3 the game wanted me to give it an email address so they could freely advertise to me. I declined that. Completely releasing the brakes before leaving is one of those caveats to pay attention to in Train Sim World 3. The same goes for completely decrease the throttle up before trying to throttle down. The extreme weather can be interesting to see within Train Sim World 3. All in all Train Sim World 3 impressed me way more than the previous games in this franchise. Train Sim World 3 is moving on up.

Ride 4

SCORE: 70

I hope you were one of the viewers that got to watch me struggle with Ride 4. If you missed that live stream make sure to check out the video of it on the Family Friendly Gaming website in the videos section. Ride 4 is hard. Ride 4 is obnoxious. Even with assists on. There are certain things that cannot be done right in the career mode. I will give an example of this later in this review.

The modes in Ride 4 are Career, Race, Multiplayer, Bike and Rider, Editor, Weekly Challenges, Options and Downloadable Contents. The rewind button is extremely helpful when Ride 4 lets players use it. I ran into some tests I had to pass in Ride 4 that did not let me use that assist. I think most all of the assists were off and I really need them to survive. I am not a professional motorcycle racer. I ob-

viously am not the best at this. Ride 4 needs to be approachable by those with less than stellar skills.

Ride 4 helped me respect one thing about motorcycle racing. These guys doing this can get themselves really hurt racing these bikes. These tracks are insane with all of these twists and turns. Make one mistake and the racer is going to the hospital in the best case scenario. I never want to do this in real life because it could lead to death. The racers must get some thrill out of doing this because it looks too dangerous to me.

Ride 4 is so unforgiving even dropping the computer controlled racers as low as the game will put them. That is

twenty percent for those that were not aware. I still had issues winning races in Ride 4. It is too easy to crash and I am confused how the computer controlled racers can go through those turns so fast. I could not duplicate that effort for my life. Why is Ride 4 so difficult?

Ride 4 looks nice and it sounds decent. I turned off the music to be safe since there are constantly somebody coming along with some copyright claim when we record and transform these video games according to the fair use section of the copyright laws. I had all kinds of issues with the controls. My dad even tried to do some things to help me and he could not complete some of the tests in Ride 4. I gave up on Ride 4. I think only hardcore bike racing enthusiasts will be interested in Ride 4. - Teen Gamer

PGA Tour 2K23

SCORE: 80

I am very thankful I had the money to purchase a copy of PGA Tour 2K23 on the PS4. PGA Tour 2K23 can also be found on the Personal Computer, Playstation 5, Xbox One, and Xbox Series X. I had fun and frustration playing PGA Tour 2K23 for a live stream. Noah and I have also played PGA Tour 2K23 after that live stream and tested some different things. This franchise took a year off last year and has come back with at least one really important improvement.

slope how we could angle our shot. This led to more frustration than anything else.

I also ran into a real problem with the pole in PGA Tour 2K23. I hit the pole more times than I could count. If PGA Tour 2K23 wants to be realistic then a person should be standing there and pull the pole out when the ball is getting close. I have seen this in golf. There is an option to have the pole gone but that hurts you in where to try and hit the ball. So there is a pro and con there if you choose that option. You

The best way PGA Tour 2K23 has improved from PGA Tour 2K21 is to add a three button control scheme when hitting the ball. I like this much better than moving a joystick back and forward and hope to get it lined up just right with the appropriate amount of power. This is a major control improvement that helps make PGA Tour 2K23 much more playable. The bad news is there is still no guide line option allowed when putting. We must guess based on the

may not hit it near the hole without seeing where to go.

There is some bad language in PGA Tour 2K23. I could have done without it personally. The music can be easily turned off if you are worried about copyright claims. PGA Tour 2K23 looks nice and those commentators are fun to listen to. I like the different golf courses and being able to create our own. PGA Tour 2K23 comes with offline, and online play. Single player and local multiplayer are also included in PGA Tour 2K23.

PGA Tour 2K23 is so close to being an amazing game and an amazing franchise. Give us some guideline on where the ball will curve on the slopes when putting. I would love to see that option available for the more casual game play experience, or even give us only so many of them for eighteen holes. There are certain options that could be done. PGA Tour 2K23 should know where the ball will go based on the slope of the hills. - Paul

G.I. Joe A Real American Hero #300

SCORE: 66

Want to know a something? I found myself so excited to work through my pile of comic books to get to read G.I. Joe A Real American Hero #300. I am so thankful that I had the \$6.99 to purchase a copy of G.I. Joe A Real American Hero #300. I went into G.I. Joe A Real American Hero #300 thinking it would be as advertised - the end of this era. The end of this comic book run. That is how G.I. Joe A Real American Hero #300 was positioned. Please be aware there will be spoilers in this review.

G.I. Joe A Real American Hero #300 ends with a cliffhanger. Many of the Joes are in a C-130 that is crashing down toward the Cobra Casino. This really disappointed me because my understanding is this series was wrapping up. It feels like that was done on purpose to try and force the publisher to let the storyline complete. In all honesty the writers had enough time to wrap up this story. Some of the wasted things that were done in recent issues are even more important now.

There are thirty pages of content then alternate covers, stop the bleed, and then some advertisements. G.I. Joe A Real American Hero #300 is three dollars more than the usual ones and it only gives us ten more pages. I feel like they ripped off readers there as well. There are plenty of duos in G.I. Joe A Real American Hero #300. We have Storm Shadow and Wade, Scarlet and Stalker, Cobra Commander and Dawn, Laura and Sean, Serpentor Khan and Dr. Mindbender, and more.

The Snake Eyes clone turns against Cobra and fights them off. The Joes come and save Snake Eyes. Serpentor Khan is afraid of Snake Eyes and winds up retreating. The issues families will have with G.I. Joe A Real American

Hero #300 are blood, violence, and more. I am seriously bummed that the storyline did not complete. The senior drill instructor references they move on to a new duty station. Maybe another publisher is picking up this comic book. I do not know.

It sort of feels like readers are being encouraged to write the publisher about the comic book. The Snake Eyes clone in G.I. Joe A Real American Hero #300 can speak. That character is not properly explored in my opinion. I will try and find some back issues of this comic book when I get the time and financial resources. I am curious about past events in this comic book. I also need to go back to the original Marvel comic books and find out what happened after I left the comic book industry. - Paul

Dr. Stone 15

SCORE: 69

Things really start to heat up in Dr. Stone 15. The battle for the island takes twists and turns. There will be spoilers in this review of this manga. Senku has a sound plan in Dr. Stone 15. Force the enemy to use the petrification weapon on them, and then use a drone to capture it out of the air. Thing is the enemy is a bit on the cautious side and plans a trap for Senku's trap. The enemy plans on getting off the island on the ship, and turning everyone on the island into stone. They are not aware of the ability to fix people who have been turned to stone.

The alliance of Moz shifts and Senku is forced to revive Hyoga. Then there is a question of whom Hyoga will side with. Thankfully he sides with the kingdom of science and fights against Moz. That battle takes some twists and turns

until the kingdom of science can give Hyoga an advantage in the spear battle. The gun is used to hurt the old man from the enemy side. It also runs out of bullets. The kingdom of science captures the petrification weapon for a short time and then it is used on the entire island near the end.

The issues families can have with Dr. Stone 15 are blood, violence, lack of attire, enticement to lust, and more. There is certainly some back and forth strategy going on in Dr. Stone 15. Certain characters appear at the opportune moment to change the tides of the battle in Dr. Stone 15. The islanders of Treasure Island think the kingdom of science is performing some sorcery. The kingdom of science use that superstition to their advantage. The village elder is also put back together mostly in Dr. Stone 15. There are

some pieces missing. There are plenty of action panels within Dr. Stone 15. I felt like Dr. Stone 15 went by pretty quickly because there were not as many words to read. The good news is I like the action and seeing some progress with the plans. I am curious to see how Senku will get the team out of this jam as the petrification attack is coming their way. How will Senku survive? I felt like the lack of attire issues are a bit less within Dr. Stone 15. There is some blood and violent content. Magma had a few good moments within Dr. Stone 15. His lust for power is still there. Senku only cares about science. I think he should let some others have some of the reigns of power like a cabinet of sorts. I hope Kirisame has seen the light on who is good and who is bad in Dr. Stone 15. I guess I will need to keep reading to find out. - Paul

Venom Let There Be Carnage

SCORE: 52

I am very thankful I had the money to purchase the DVD version of Venom Let There Be Carnage on Black Friday 2022. The first Venom movie did not score well with us. I suspected Venom Let There Be Carnage would have its problems. Especially since it introduced serial killer Cletus Kasady. I was curious if Venom Let There Be Carnage would stay true to the comic books or not in how Carnage was created. Please be aware there will be spoilers in this review.

Eddie Brock is on the bottom again. He needs something to jump start his career. At the same time he has the symbiote constantly wanting to eat human brains. It is that or chocolate. The apartment Eddie Brock lives in is completely trashed thanks to Venom. At times other characters think Eddie Brock is crazy since he talks to Venom. From their perspective he is talking to himself. Eddie tries to keep Venom hidden.

The humor within Venom Let There Be Carnage is really good. Venom makes all kinds of great comments here and there throughout the movie. Venom had us laughing quite a bit in Venom Let There Be Carnage. Venom does want to eat the brains but of only the bad guys. He also wants to help Eddie. Venom may not be very good at things like making breakfast but his heart is in the right place.

The issues families will have

with Venom Let There Be Carnage are blood, violence, bad language, sexual comments, and more. Detective Patrick Mulligan may host a piece of Carnage at the end of Venom Let There Be Carnage. The detective's eyes glow blue. The prevailing theory is he has a piece of Carnage within him. We will have to wait for a third movie to see if that is true or not. It takes ninety-seven minutes to watch Venom Let There Be Carnage from start to finish.

All in all I actually enjoyed Venom Let There Be Carnage. The way Carnage comes to be does not match the comics and that is a bit lame. The bad language deters from an otherwise fun super hero experience. The battle between Brock and Venom is interesting. Cletus and Shriek loving one another is different (although in a Natural Born Killers kind of way).

Why was Shriek race changed? That was really weird, and will definitely generate controversy. - Paul

The Flash Season Eight

SCORE: 56

I am thankful I had the money to purchase a copy of The Flash Season Eight on DVD on Black Friday 2022. This show continues to flounder and languish. I can't turn away from this disaster that is having problems keeping properly staffed. Chester continues to be horrible. The Light Bright girl (Allegra) is also extremely annoying in The Flash Season Eight. I miss Cisco. Chester is a very poor substitute. I can tell this show is on its very last legs. The writers keep using the same ideas and it is getting so boring.

Iris is missing again in The Flash Season Eight. How many times have we had this? Another example is Iris and Barry talking about needing to start that family. They say that and then Iris goes missing. The Flash Season Eight is so predictable that it is absolutely

dull now. We get the kids of the Flash and Iris time traveling back into the 2022 era to do some things. Like mess up the timeline but get in no trouble for it.

The Flash Season Eight relies on Reverse Flash yet again. A reverse flashpoint storyline almost ruins Barry's life. He fixes it and Thon is going to vanish. Barry saves him by taking away his speed. The negative forces give it back to Thon by killing a good Thon. After awhile trying to keep up with this gets to be a chore. Damien Darhk is actually a good and helpful character in The Flash Season Eight.

The issues families will have with The Flash Season Eight are violence, blood, false gods, bad language, sexual de-

viancy, lack of attire, enticement to lust, lying, stealing, and more. We continue to have different characters race or gender swapped in this odd universe. The Flash Season Eight is pro Dungeons and Dragons, ex-cons, liberalism, and more. The whole alien going back in time to stop Flash from destroying the Earth was an interesting storyline. I was not as big on Deathstorm.

There are three major storylines that happen within The Flash Season Eight. We go from one to the next to the final one. So much of The Flash Season Eight feels like filler. There is little progress in any of the long standing storylines. I am glad I am done with The Flash Season Eight and hope this show ends really soon. I get tired of their far left wing rants and hatred. - Paul

Intellivision Collection 1

SCORE: 80

Little Medusa

SCORE: 71

I am so happy I had the money to buy a copy of the Intellivision Collection 1 on the Evercade system. The twelve games on this cartridge are Night Stalker, Astrosmash, Thin Ice, Thunder Castle, Shark Shark, Princess Quest, Frog Bog, Snafu, Slap Shot Super Pro Hockey, Pinball, Buzz Bombers, and Word Rockets.

In Frog Bog players have three minutes to eat as many flies as they can. Night Stalkers is a maze shooter where we grab guns and shoot the robots trying to take us out. Pinball is a pinball video game. Princess Quest is an adventure where we must go and save the princess. Players must eat fish smaller than them in Shark Shark. If you go after fish bigger than you then you will lose. Players can enjoy a game of hockey in Slap Shot Super Pro Hockey. Snafu is a game of Snake. In Thin Ice we skate around other characters to give them a cold bath while staying on the ice ourselves. Thunder Castle is another adventure with mazes. We launch letters in Word Rockets to spell words in the sky.

and missiles. Keep the planet safe and get that high score if you know what I mean. Buzz Bombers is a really interesting idea for a video game. We must shoot the bees with repellent. The bees then turn into honeycombs. A hummingbird comes by and eats the honeycombs. The more the bird eats the more points players earn in Buzz Bomber.

There is quite the retro collection on Intellivision Collection 1. If you did not know this system competed against the Atari 2600. That is how old the Intellivision actually is. The graphics and audio are very retro within Intellivision Collection 1. There is certainly some historical interest to the games within Intellivision Collection 1. There are some shooters, sports, action, and more within Intellivision Collection 1.

The manual that comes with Intellivision Collection 1 can be very helpful to figure out how to play the games. Plus there is information about the games too. - Paul

Astrosmash is a shooter where we are protecting the planet from falling rocks, UFOs

I am very thankful I had the money to purchase a copy of the Mega Cat Studios Collection 1 on the Evercade family of systems. Little Medusa is one of the video games that came on the cartridge. If you catch our live streams then you will be very aware of Little Medusa. There is also a video of Little Medusa on the Family Friendly Gaming website in the videos section. Little Medusa is an 8-bit and 16-bit puzzle video game that reminds me somewhat of The Adventures of Lolo.

We turn the enemies into stone and then push them into the water to make land we can walk across. The enemies keep respawning so we can make all kinds of land. Do be careful as some of these enemies will lunge at the player.

Players take on the role of Artemiza who is one of the vain daughters of the Olympian false gods. Little Medusa is thick in the ancient Greece religious beliefs. The main lady in Little Medusa gets turned into a Medusa and that is the main gameplay mechanic.

Take one hit in Little Medusa and you will need to start the level all over from scratch. Players must figure out the gameplay mechanics within Little Medusa for themselves. There are physical copies on retro systems as well as the

Medusa appears on. One of the things families can do with Little Medusa is figure out how quickly they can beat a level. Another thing to do is see if you can figure out the least amount of blocks needed to get the stars. Once the player collects the stars in Little Medusa they have beaten the level. Little Medusa has retro graphics and retro music. The special effect sounds are decent in Little Medusa.

Evercade. I personally believe you get a better deal on the Evercade since ten retro games are included on the cartridge that Little

My biggest problem with Little Medusa is I got stuck at one point. For some reason I could not figure out how to get to the stars. I tried a few different theories and nothing worked for me. I could probably look it up. The point is if you are stuck in Little Medusa then you will not progress. I found no way to skip levels based in Little Medusa. This can be lame especially if you want to see more of the puzzles. - Paul

Star Wars Jedi: Survivor picks up five years after the events of Star Wars Jedi: Fallen Order™, as Cal continues to grow as a Jedi and evade the Empire's constant pursuit. With trusty companion BD-1 by his side, he joins forces with new and old allies to aid him on his quest, including the mercenary Bode Akuna (Noshir Dalal) and former crew member Cere Junda (Debra Wilson). With new traversal options such as an ascension cable to reach new heights and the ability to tame and ride creatures, Cal has many ways to navigate the perils he will face as he explores both familiar and new worlds across the galaxy.

Nearly 15 years after the release of the PlayStation®Portable exclusive, CRISIS CORE –FINAL FANTASY VII– REUNION brings new life to the fan-favorite story of SOLDIER operative Zack Fair with a complete HD graphics overhaul of the character models, UI and background, a newly arranged soundtrack by original composer Takeharu Ishimoto, fully voiced dialogue in English and Japanese, featuring key members of the voice acting cast of FINAL FANTASY VII REMAKE, and an updated action combat system, with the option to trigger Limit Breaks and Summons, and a streamlined “Digital Mind Wave” (DMW) system. CRISIS CORE –FINAL FANTASY VII– REUNION maintains the heart of the beloved PlayStation®-Portable classic, while utilizing modern technology for a more appealing, immersive and engaging overall gameplay experience for new and existing fans alike.

The story of CRISIS CORE –FINAL FANTASY VII– RE-UNION begins seven years before the events of FINAL FANTASY VII, following Zack Fair, a young, optimistic Shinra SOLDIER operative. As Zack and SOLDIER 1st Class Sephiroth team up to search for a missing SOLDIER operative Genesis Rhapsodos, he uncovers the dark truths of Shinra's experiments and the monsters they create. When betrayals and secrets hit too close to home and cause him to question everything and everyone he knows, Zack must forge his own path as a hero to protect the ones he loves and defend the one thing he has left – his SOLDIER honor.
